

Fellowship Status

Sister M. Thomas will be Honored by ACHA on Sept. 15

Sister Mary Thomas, CDP, administrator of St. Elizabeth Hospital, will be advanced to Fellowship status in the American College of Hospital Administrators on Sunday afternoon, Sept. 15, at a convocation ceremony to be held in Convention Hall, Atlantic City, N. J.

The announcement was made by Donald W. Cordes, ACHA president and administrator of the Iowa Methodist Hospital of Des Moines. He will preside at the professional society's 34th annual convocation.

Sister Mary Thomas has served as administrator of the local hospital since Aug. 1, 1962. Prior to this office she was a assistant administrator from Feb. 15, 1960 to Sept. 15, 1960. After this date she was the director of nursing service and assistant administrator until she was appointed to her present office.

The ceremony marks the opening of the ACHA's annual meeting, traditionally held in conjunction with the conven-

School Problems Commission to Meet at SIU-SW

A public hearing on urban area school problems will be held at Southern Illinois University - Southwestern campus Aug. 9 at 10 a.m.

This will be the fourth hearing sponsored by the Urban Problems Commission of the Illinois School Problems Commission. The session is scheduled in the Kikapoo Room of the University Center.

Chairman of the Urban Problems Commission is Sen. Esth- er Saperstein of Chicago. Vice- chairman is George T. Wilkins of Granite City, associate professor of education at the Southwestern campus, who is a former county superintendent of schools and state superintendent of public instruction.

School officials from Madison and St. Clair counties are expected to speak before the group on special urban school problems.

Persons wishing to speak at the Aug. 9 hearing should file an abstract of their presentation by Aug. 5 with Mrs. Mildred M. Kittell, School Problems Commission, Room 400- 602, State House, Springfield. Twenty-five copies of the presentation should be available at the hearing for commission members.

In addition to Wilkins, two other area residents are members of the commission. They are: Sen. Paul Simon of Troy and Mrs. Urs Brazier of East Alton. The 21-member commission includes 14 public members and seven legislators. The three previous hearings were held in the greater Chicago area.

Griffith Names Two Campaign Coordinators

R. W. Griffith, who is running for the office of state's attorney of Madison county on the Republican ticket, has appointed Mrs. Lily Chaboude and Mrs. Jane Reese as co-ordinators in his campaign. Griffith is a former Granite Cityan.

They conducted a meeting on Tuesday morning in the home of Mrs. R. W. Griffith, 1312 Twenty-seventh street, to discuss plans to assist the candidate in winning the election.

Others attending were Mes- dames H. F. Huxel, Dorothy Achenbach, Ed. Rube, James Talley, Elsie Hastings, Alvina Thuraw, Harold Stallings, Henry Lueders and Miss Minnie Krauskoff.

Four Hubcaps Stolen

Four hubcaps were stolen off a 1962 auto owned by Robert Imboden, 81 Riviera drive, the previous day at his home, he reported at 9:30 a.m. Wednesday.

Salaries, Bigger Enrollment Main School Budget Changes

The \$11,321,010 Granite City community unit school district budget on display at the board of education, 2014 State street, until a public hearing at 7:30 p.m. Aug. 28, contains changes in nearly every item since the last year, when the amount was \$11,461,331.

Other than a \$1,436,131 reduction in the site and construction fund due to completion of most of the 1968-69 building program authorized in a 1964 referendum, the principal difference is a \$918,214 boost in instruction costs, mainly due to salary increases.

With operating costs in seven categories transferred from the education fund to the building fund, the building operation account shows a \$139,442 increase over 1967-68. The new appropriation is for the year that began July 1.

Remodeling, Insurance
Other large changes include a \$141,492 reduction in the building fund capital outlay budget due to progress in Life Safety Code remodeling projects and a \$71,593 raise in education fund fire insurance costs, mainly due to higher insurance costs.

Despite the operating fund transfer of items which total \$158,300 and \$181,800 in the coming year, education fund operations show a \$174,742 reduction, reflecting custodial salary boosts.

A \$102,000 budget increase results from plans for establishment of a working cash fund.

Main changes from last year reflect salary increases and enrollment growth.

A detailed breakdown of the proposed 1968-69 school district budget follows:

Governors Urge Great River Road Travel in August

Governors of the states of Wisconsin, Iowa, Illinois, Tennessee, Minnesota, Louisiana and Missouri have proclaimed August as the month to "discover the Mississippi via the Great River Road."

A special proclamation has been issued by each governor to acquaint citizens with the "Outstanding recreational facilities, scenic beauty, history and culture to be found along the great Mississippi River." The Great River Road travels along the Mississippi in these states, presenting an unusual opportunity to travelers and vacationers to see and enjoy the "Great River," state parks, historical sites, cities and towns in each state.

August is the month also when the Mississippi River Parkway Commission will hold its annual convention. It will be held Aug. 11, 12, 13 and 14 at Clinton, Ia.

Ten states and two Canadian provinces are members of the Mississippi River Parkway Commission. They are: Ontario and Manitoba, Canada, and Minnesota, Wisconsin, Iowa, Illinois, Missouri, Arkansas and Louisiana.

MORE ABOUT Demos, GOP

nomination are untrue. The judges post pays \$25,000 per year. The two attorneys had both been mentioned as candidates for the post.

Some Democratic sources have reported that Associate Judge Fred Schuman of Granite City also was being considered for the nomination. Judge Schuman could not be reached for confirmation.

Republican speculation has been limited and there have been few reports as to a potential nominee of that party. Charles Walters of Alton, chairman of the county Republican committee, said that several names have been under consideration by the county committee, but that they will not be made public immediately. No candidates will be discussed in tonight's county convention, Walters said.

Airman Bruce F. Bowers Is Keesler AFB Grad

Airman Bruce F. Bowers, son of Mr. and Mrs. J. R. Bowers sr., of 2546 Cleveland blvd., has been graduated from a U. S. Air Force technical school at Keesler AFB, Miss.

He was trained as a radar operator and has been assigned to a unit of the Aerospace Defense Command at Port Austin Air Force Station, Mich. The airman, a graduate of Granite City high school, attended Illinois State University. His wife, Diane, is the daughter of Mr. and Mrs. Willard F. Martin of Normal, Ill.

Granite City Student In SIU-SW Production

"Rashomon" by Ray and Michael Kanin is a tricky theater piece involving a host of special problems, says Prof. Stephen Archer who is directing the summer production by Southern Illinois University's University Theater at the Southern campus.

Included in the cast are Debbie Decker of East Alton who plays the wife, John Derby, O'Fallon, her husband, Dale Swann, Wood River, the priest, Jane Mueth, Belleville, the mother, and Tom Ray, Granite City, the woodcutter.

To be presented Aug. 8, 9, and 10 at 8:15 p.m. in the Communications Building, the play is made up of a combination of "spectacularly violent moments and moments that require a carefully constructed air of philosophical reflection," Archer said.

Essentially a drama dealing with the problem of what is truth, it tells the same story as it is viewed by each one of the individuals who participated in the action. Did the bandit really force himself on the wife? Who really killed the husband? How much does the woodcutter really know? Can the medium really see the truth? "You have to see the show and come up with your own answers," Archer said.

Admission is free, but by ticket only. Tickets may be obtained by calling Marilyn Nee at (615) 692-2771.

Interstate Producers Livestock Association and St. Louis Producers Live-Stock Marketing Association, two major midwest livestock marketing cooperative that will serve cooperatives merged today to form a single marketing cooperative that will serve farmer patrons primarily in Illinois, Missouri and Iowa.

The merged cooperative will retain the name Interstate Producers Livestock Association. Officials said the merger will improve the bargaining power for farmer patrons, result in a more efficient marketing operation and return a higher net income from the livestock marketed through the cooperative.

License, Traffic Charges

Ronald B. Mulvany, Salem, Ill., was charged with improper display of state license plates (one plate) and with a traffic signal violation at 4:30 p.m. Monday at Pontoon and Nameoki roads.

Muffler, Speed Charges

James W. Mason, 1408 Norwood drive, was charged with driving without a muffler and speeding at 5:25 p.m. Monday at Nameoki road and Jill avenue.

Arrangements are given in today's obituary column.

EIU Undergraduates To Reapily by Monday

Undergraduate students who were not enrolled in either the spring or summer quarters at Eastern Illinois University, Charleston, have until Monday, Aug. 5, to apply for readmission to the fall quarter. University officials said today. After that date, the students will not be permitted to re-enroll until the winter quarter.

The cutoff date does not apply to students who attended either spring or summer quarters. Also, the date does not apply to graduate students.

A spokesman said that "although enrollments in various categories were cut off at various times, all indications are that we shall exceed the total number of students we had planned to accept this fall."

University officials believe a further increase would result in overcrowding classes to the point where the quality of education would suffer. Closed sections would also result in "very large numbers" of students being unable to take courses they want and need.

Auto Windshield Cracked

William McGuire, 1605 Kirkpatrick Homes, reported at 1 p.m. Tuesday that during a night vandals threw a rock and cracked the windshield of his 1966 auto while the car was parked at his home.

Remodel Station

Because of the lack of space for maneuvering the big truck into the fire hall, the city plans to remodel the front of the fire hall station, installing a steel beam support across the entire front of the building that faces Klein street and removing a brick column that now divides the front of the fire station into two separate doorways.

City Engineer Jack Tolliver has been authorized by the Venice city council to proceed with the work as rapidly as possible at a cost estimated around \$400.

Meanwhile the fire department put the new pump truck into immediate service, but firemen said they may have to leave it outside the fire station if it proves too difficult to drive in and out of the building before the center column is removed.

OLD VENICE FIRE PUMPER, used for 26 years, is turned over to Pete Planitz, Madison tavern operator, shown in foreground taking key from Dale Towers of Towers Fire Apparatus Co., which delivered new \$30,000 pumper to Venice fire department Tuesday. The old truck was traded in by city and Towers firm sold it to Planitz, who wants it to drive in parades. Behind Towers at right of photo are Leonard Dyjeski and Matt Thomas, and seated on truck are John Piechocinski and Leonard Mikolazuk, friends of Planitz.

construction of a small block garage adjoining the city hall building to house the rescue truck.

Most Modern Equipment

The new pumper gives the Venice volunteer fire department three pieces of the most modern fire-fighting and rescue equipment. The rescue truck is a comparatively new panel truck type vehicle equipped with inhalator, ropes, axes, pike poles and other equipment specifically needed for rescue jobs.

Both the new engine and the one bought in 1961 have a pumping capacity of 750 gallons per minute, but Michael Leutherman, assistant fire chief, said the engine handled 1100 gallons per minute in a test by fire underwriters last week.

Both big trucks have closed, five-man cabs. The fire department will have to furnish fire hose for the new truck, but the engine was delivered with considerable standard equipment such as fire extinguishers, hand lights, axes, nozzle holders and pike poles.

Charles T. Keck Jr., 2328 Dewey avenue, was charged with riding a motorcycle without a helmet at 4:40 p.m. Tuesday.

Water Co. on Strike Needed Work Continues

Contract negotiations are continuing between the East St. Louis & Interurban Water Co. and striking laborers, but emergency service is being provided to customers, company officials reported today.

About 14 employees were represented by Laborers Local 387 are seeking increased wages and benefits. The strike began July 1.

However, the union has provided an emergency crew on a stand-by basis, and "turn-ons" and "turn-offs" plus other work are continuing, the company said.

New services are not being installed and in one instance has hampered the move of the Metropolitan Life Insurance Co. into its new office building on Nameki road.

A water company spokesman said the strike has been conducted without incident and local facilities were not picketed.

A union spokesman said the last meeting between union and company was held about ten days ago and no further sessions have been scheduled. The union declined to comment on contract terms it is seeking.

College streets, Venice, according to a report to Venice police Tuesday morning, Maynard Carter, school custodian, said entry into the building was gained by breaking a window. A similar entry at the school occurred last week.

Five dimes were stolen in a burglary at Joseph's School of Hair Fashions, 21st street and Delmar avenue, during the night, it was reported at 8:20 a.m. Tuesday. Entry was gained by breaking a side door window.

Joseph Martinez, 1814 Spruce street, reported Monday that a power lawn mower was stolen from his home the day before.

Christmas Lights Stolen
Children were seen with Christmas lights and assorted cans of paint as they left a shed at the rear of the home of Joyce Sykes, 2335 Rock road, it was reported at 3:45 p.m. Tuesday. Paint was smeared on the shed and thrown about the yard.

Mrs. Rae Callender, 33, of 2325 Delmar avenue, was arrested at 3:30 p.m. Monday on a charge of theft of under \$150, baby items valued at about \$10 at Gassen's drug store in the Nantuxi Village shopping center. She was fined \$40 plus \$10 costs Wednesday by Magistrate Hiscott.

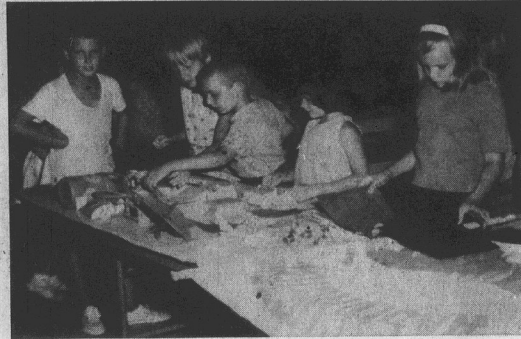

Stolen Car Found
A car stolen in St. Louis from Willie Pippins was recovered Tuesday morning by Venice police. The car had been stripped of all four tires and wheels. The 1968 model auto was abandoned at the rear in the 400 block of Slough road.

Theft of a 225-amp welder, valued at \$100, from his garage was reported to police yesterday by Lloyd Burris, 2802 Buxton avenue.

Mr. and Mrs. Thomas McCoskey, 1241 Klein street, Venice, turned over to Venice police yesterday a driver's license, a credit card and several blank checks which they found in front of their home. Police said the articles had been stolen from Dollie Hahn, St. Louis. The articles were returned to the woman.

Leslie Darnier, 2141 Cleveland blvd., reported to police last evening that while his small foreign car was parked at his home, the trunk was pried open and a tire and wheel were stolen.

Despite Downpour

850 Youngsters, Parents at Park Roundup

The Granite City park district held its annual "Recreation Roundup" last evening at Wilson Park under the shelter of the rink-pavilion, where an estimated 850 youngsters and parents gathered for a "good old fashion picnic get-together," as described by Recreation leader, Mrs. Helen Bjorkman.

Included in the evening's entertainment were contests, family-style picnicking, a display by each center of its art work, and handicraft and skits presented on a stage.

The shelter offered perfect facilities for the rain-soaked picnic with room for display tables at one end of the rink, picnic tables in the center and the stage at the opposite end. Winners of the contest were Debbie Gargac for guessing the exact weight of the watermelon which was 20 pounds and one ounce; Charles Collins guessed the right amount of candy which was 117 pieces and there was a five-way tie for the largest family present and straws were drawn to determine the winner —the Henry Mueyleart family with eight members present.

The watermelon eating contest was won by Cecil Hughes of the Salvation Army Center. Tim Kilian of Wilson school was

second, Dale Harris of Logan school was third and Jerry Sedebas of Webster school placed fourth. The contestants had to eat a slice as fast as they could without using their hands. The skits presented were Snow White and the Seven Dwarfs by Logan school youngsters; Lullaby Sticks by Wilson school; Bonnie and Clyde by Parkview school, an interpretation of Three Little Pigs by the Salvation Army Center, Inter-

ludes by the Community Center; a puppet show by Washington school; Peanuts by Webster school; Nimbewits by Marshall school; Here Comes the Judge by Nameoki school; an Indian song by Niedringhaus school; and Casey at Bat by the McKinley school youngsters.

Also on the program was a baton exhibition by Miss Barbara Branch, showing her skills with a silver baton and a finale with a flaming baton.

Discuss Highway Freeze
Federal highway officials from Washington met in Springfield with Illinois officials yesterday to discuss means of ending a federal freeze on \$34 millions worth of highway projects in the Madison and St. Clair county area, but results of the session were unavailable today. Under the federal order, federal grants for Madison-St. Clair county highway projects have been frozen because of high construction cost and a shortage of Negro employees on construction projects.

Miss Pashoff Is Honoree
Miss Johanna Pashoff, who will be married to David Potter, was guest of honor at a pre-wedding party and shower last night given by Mrs. Judy French, Mrs. Carol Dumoulin and two cousins, Misses Christine and Carol Pashoff, who are to be in the wedding party.

The shower was held in the Officers' Club of the Granite City Army Depot with the following present: Miss Janet McLeister, Mrs. Myrna Rich, Mrs. Nona King, Mrs. Lois Swelzen, Mrs. Gail Butler, Misses Sharon and Sheila Obornovich, Miss Kathy Darnier, Mrs. Karen Harvey, the hostesses and the honoree.

The wedding of Miss Pashoff and Mr. Potter will take place at Sacred Heart Catholic Church on Aug. 31.

RETURN FROM VACATION
Mr. and Mrs. Vassil Georgeff and children, Vicki and Mark, returned home Wednesday after a two-week trip through the southeastern states. They visited friends in Asheville, N.C., and spent some time with relatives in Dunedin and Clearwater, Fla. A part of the time was devoted to sight-seeing in Tampa, Silver Springs and St. Petersburg, Fla.

SIU Study

mented that "It seems desirable for the state to pay at least one-half of the total costs of assessments."

As an alternative to the proposal that a county assessor take charge of the assessing program, Cohen's study suggests adoption of legislation requiring the appointment of a county supervisor of assessments with authority to supervise the township assessors, revise their assessments and equalize ratios between townships.

Noting that under existing tax laws property assessments are required to be made on a basis of "full, fair, cash value," Cohen is emphasizing in the study that "full valuation is a sufficient but not a necessary condition to insure equity; greater uniformity in the level of assessment should be the minimal goal. This is essential in the city's negotiating committee of Aldermen Boyd, Moerlein and Robertson, submitted a report to the city council on July 22 and said its final effect of a monthly increase of \$120 for all city employees spread over three years had been rejected. The committee stated flatly that the tables pertain to different types of property and use median ratio figures as established by sales values of 1965.

The study points out that in one table involving ratio figures for single family residences dispersion figure as low as 6.2%, based on 281 property sales, for the county as a whole. In contrast, the report shows, the dispersion on single family residences checked in seven different townships was higher than 20% in all but one instance.

Cohen explained that the percentage of dispersion is a measure of inequality or nonuniformity of assessment, and that this figure ordinarily should be less than 20%. Any dispersion value over 20% indicates "an unreasonable state of inequity and is intolerable." Cohen's report said.

In urging the Department of Revenue to utilize an appraisal technique to supplement data based on property sales, Cohen pointed out that certain classes of property such as industrial and commercial are transferred so infrequently that ratios based only on sales are inefficient. For that reason, he said, spot appraisals are similar means should be used to determine a true level of assessment for purposes of inter- and intra-county equalization.

Suggests Amendments
An amendment to Illinois law that would permit the assessor or assessors to obtain pertinent information by mail or by personal visit, or both, is recommended because the current procedure for assessing personal property provides low productivity, the report states.

"Little is now accomplished except creating part-time employment for deputy assessors," Cohen commented. In this same field, Cohen said, legislative amendments also should be made requiring all property owners to list annually their properties and values with the assessors.

3 Persons Injured In Area Accidents
Two persons were injured when the left side of an auto driven by Mrs. Delores Lane, 41, of 2422 Delmar avenue, was struck by a car driven by Duane Welborn, 26, of 2526 Buenger avenue, at 6:55 p.m. Monday at 27th street and Madison avenue. Mrs. Lane was making a left turn onto Madison.

She was admitted to St. Elizabeth Hospital where x-rays were taken of the skull and spine. Welborn, who suffered abrasions when his upper lip struck the steering wheel, was treated and released.

James Whitwell, 2311 West 24th street, was injured when the rear of the auto he was driving was struck from behind by another driven by Mrs. Marie Parks, 3139 Fehling road, at about 6 p.m. Monday at 27th street and Madison avenue.

He was treated at St. Eliza- beth Hospital for pains in the head and neck. X-rays were taken of the skull and spine and he was released.

Still No Meeting In Firemen and Police Pay Dispute

Granite City's off-duty police and firemen began their 11th day of informational picketing at the city hall this morning with still no arrangements for a meeting with city officials to iron out the current wage dispute.

Officers of Firefighters Local 253 and Police Local 1347 said they had a joint meeting of their memberships Tuesday evening at the main fire station, and it was outlined that top international representatives of the unions will be present for next Monday night's meeting of the city council.

In the meantime, the police and firemen union officials have asked the federal mediation service to step in and try to arrange a meeting in advance of the council session.

As it stands, the city council's negotiating committee of Aldermen Boyd, Moerlein and Robertson, submitted a report to the city council on July 22 and said its final effect of a monthly increase of \$120 for all city employees spread over three years had been rejected. The committee stated flatly that the tables pertain to different types of property and use median ratio figures as established by sales values of 1965.

Negotiation

eral Steel Industries and American Steel Foundries, also are expected to get under way in September, although these are negotiated separately from the basic steel contracts. Present contracts at General Steel and American Steel expire Nov. 1.

The new three-year pact reached between USWA and Big Steel firms was announced yesterday, followed immediately by price adjustments by the steel firms, many of them upwards.

90-Cent Package
The new contract increases wages at least 44 cents an hour over the three year period and improves fringe benefits. I. W. Abel, union president, labeled the national steel contract package as "considerably in excess of a billion dollars" over the three years. The total wage and fringe benefit program is worth 90 cents an hour, he said.

R. Conrad Cooper, chief spokesman for the industry, declined to estimate costs.

The new contract was ratified late Tuesday night after a three-hour debate by the union's 600-member industry conference. Formal signing was delayed until Saturday to allow time for resolving some problems.

The local steelworkers' contract, locally and nationally, expired at midnight yesterday.

Last-Inning Rally Produces 14-9 Win For Midtown Squad

Midtown Pharmacy rallied for seven runs in the top of the seventh inning Monday evening at Wilson Park in the 33 and Over slow pitch softball league to down Jacobsmeyer's 14-9. Tony and Joe's won over Conchite 23-9 and Local 16 downed VFW 17-5.

In the seventh inning with two men out, Midtown got four singles and three home runs. Dick Stanton hit a three-run homer, followed by a four-bagger by Ed Reingel and another three-run homer by Walt Wilson. Earlier in the game, Art Borchers had homered.

Winning pitcher was Paul Schuler and the loser was Ollie Jacobsmeyer. Harry Taylor homered for the losers. Tony and Joe's pounded out 28 hits in its triumph as Paul Thompson earned the win and Andy Timko suffered the loss. The victors had two hit innings, seven runs in the fourth, eight in the fifth, two triples, two doubles and a single and Millard Schwendeman had four singles and a double to lead their team to victory. Jim Harper collected four hits.

In the final contest, Hoot Gibson hit two home runs and two doubles while teammates Terry Ross and Carl Linhart each had three hits. Ross was the winning pitcher and Leo Kalpis the loser.

Keen Again First Across Finish Line In Cycle Competition

Neil Keen of Pasadena, Cal., broke a record at the Tri-City Speedway Tuesday evening by becoming the first motorcycle driver this season to win the feature race for four weeks consecutively.

He won the 15-lap feature, was the fastest qualifier with a time of 16.55 and won the first semi-feature. Placing second in the first semi-feature was John Tibben of Chicago, with Ben Breeding third.

The feature race wasn't a pushover for Keen, however. He failed to lead until the final turn, when he overtook Jim Corp.

Keen gradually worked his way up from eighth place to take the victory. Gordon Dusenberry, who has been Keen's chief rival the last few weeks, was unable to race in the feature after suffering cuts and bruises on his legs. He was thrown through the air as a result of an accident in the first semi-feature.

There were four motorcycles involved, but no one was seriously hurt or taken to the hospital.

Cat DeJarm Edges Cub Squad, 6-4

John Robbers pitched a six-hitter Tuesday evening at Worthen Park in the Class C Slow Pitch softball league as the Raiders downed W-W Confectionery 14-4. The Raiders combined for 17 hits, which included three each by Rich Paoli and Steve Ritchie. The losing pitcher was Jim Jones.

In the second game, Cat DeJarm won over Caton Enterprises 6-4 after getting four runs in the first inning and seeing Caton tie the score in the bottom of the second.

What proved to be the winning run came home in the third inning as Rich Smallwood singled and scored on a triple by Skip Snider. Homer Harp singled and scored on winning pitcher Bob Wallace's double in the sixth.

Custom Engraving Trophies downed Fourth Street Tavern 8-0 as Larry Wallace earned the pitching win. Mike Burris and Ralph Gauen each had two hits.

In the final game of the evening, American Legion won over Branding's on a forfeit when a player was ejected from the game in the bottom of the sixth inning and all the available substitutes had been used.

Union Electric
Pays Venice Tax
Without Protest

Union Electric, Venice township's largest taxpayer, paid its first installment of 1967 real estate and personal property taxes without protest, it was reported yesterday as Township Collector Frank Reidelberger ended the local tax collection period.

The Union Electric tax payment amounted to \$879,835 and represents the bulk of the utility's total tax bill for the 1967 tax year. Reidelberger said the company's second installment will be around \$100,000.

Reidelberger said final collection figures will be announced within a few days after the books are balanced. Earlier this week local collections amounted to more than \$700,000, not including the Union Electric payment, or that to be made by Dow Chemical Co., also one of the township's major taxpayers.

Last year Union Electric protested payment of more than \$85,000 in taxes of the city of Venice. The objections were based on the city's general fund rate which the utility charged was greater than permitted by law. The protests were settled about two months ago and the money released to the city.

Venice township taxpayers were charged with payment of \$277,228 in real estate and personal property taxes for 1967 year. Reidelberger said that after the books are balanced by his office, they will be turned over to the county treasurer's office where the future tax payments must be made.

Rains Aid Crops

Recent rains have made most of the corn, soybeans, hay crops and pastures look excellent throughout Madison county.

A few fields of corn and soybeans are very weedy, and now is a good time to evaluate your weed control program and make plans for next year.

The ideal way to check the effectiveness of any treatment is to leave a small portion of the field untreated. Then you can see what weeds you missed and the ones you controlled.

If you haven't left an untreated portion, you'll still be able to check if you can find an area where the sprayer missed a streak. You'll probably find these places near the ends of the field.

If you decide that your control program has not been effective, get out your herbicide container and read the label. Check to see if you followed the recommendations. A few small mistakes during application may help to explain poor results.

Spray Fencrow Weeds

Spraying beats cutting fencrow weeds with a scythe on a hot summer day. Here is a good fencrow spray program: Put 50 gallons of water in your spray tank. Add 5 pounds of Dowpon just as it comes from the container. Add one pound of 2,4-D. That's the same as one quart if you're using 2,4-D with 4 pounds of active ingredient per gallon.

That mixture makes enough spray to cover two miles of fencrow 4 feet wide or one trip around 160 acres. The Dowpon kills grasses and the 2,4-D controls broad-leaved weeds. If you have only a broad-leaved weed problem, use 2,4-D without the Dowpon. Some desirable plants are susceptible to 2,4-D injury if you're spraying near susceptible plants, use the amine rather than the ester form of 2,4-D. Apply a fairly coarse spray and spray when there is little or no wind.

Don't let livestock graze fencrows treated with Dowpon. Although 2,4-D is not highly toxic, it apparently makes some poisonous plants more palatable, so take precautions. Refer to product labels for more specific information on the use of these herbicides.

Alfalfa Seedlings

Late August is an excellent time to make summer alfalfa seedlings. Your soil fertility level may be the critical factor in determining the success of late-summer alfalfa seedlings. Soil should be tested now to determine fertility needs.

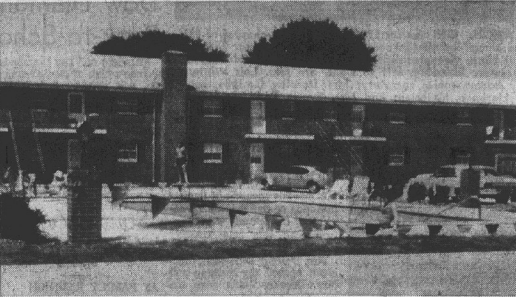

If you want a good stand, the soil must be adequately limed, and there must be a high level of phosphorus and potassium. Lime should be applied before the field is prepared for seedlings and should be well mixed with the soil. While applying lime six months or more before seeding is preferred, good stands can be established when the application is made shortly before planting.

Nitrogen fertilizer is not needed to obtain a good stand

of alfalfa. In fact, nitrogen may hinder establishment of the alfalfa by encouraging more vigorous weed growth. Twelve pounds per acre is the recommended seeding rate for alfalfa. Select an adapted variety that fits into your individual situation. There are varieties that must be cut earlier in the Spring than others. Some are for short-term and others for long-time stands. Summer alfalfa seedlings have been very successful. Their big advantage over spring seedlings is that they are free of competition from high-yielding small grains and weeds.

If you see dead clumps of Johnsongrass along roadsides and in other non-crop areas, it means somebody is doing a good job of spraying. Find out who it is and put them on the

back. Ask for University of Illinois Circular 827 for details on Johnsongrass control. Injury to Corn Injury to corn from 2,4-D this year seems to be more severe than ever in the history of 2,4-D use in Illinois, reports Extension Agronomist Elbert Knake. Such injury to corn also has been observed in Madison county this year. The major expression of injury has been "onion leafing." Although the total number of fields actually affected may still be relatively low, some fields have shown rather severe tight rolling of the leaves. Abnormal growth of brace roots and brittleness of corn plants are other typical symptoms of 2,4-D damage. Our best guess is that with the cool moist stress conditions of the last part of May, the 2,4-D affected the plants when most of the leaves were in the very stages of formation. Then with very moist and hot weather and extremely rapid growth these early effects were later

expressed as the onion leafing. To help avoid 2,4-D injury avoid spraying on hot, humid days and be sure correct rates are carefully applied. Symptoms we see now do not necessarily mean that we will have severe problems with later spraying. There is little that can be done now about the injured fields except to hope that a high percentage of the plants will outgrow most of the injury.

GC Rotary Club Hears Details Of RVA Program

Ernest E. Tosovsky, 71, founder-owner of a florist and nursery business, spoke at Tuesday's meeting of the Granite City Rotary Club in the YMCA.

The guest speaker told the local Rotarians of his recent trips to Honduras and that after a pleasure trip to the Honduras last year, he appointed himself a volunteer Rotarian to help the people there to grow more and better crops. With 45 years of experience as a business man, horticulturist and operator of some of the largest nurseries in southern Illinois, Tosovsky has been designated the kind of man the Rotary Volunteers Abroad program is seeking to take on useful projects worldwide.

Started this year, RVA aims to fill requests for help from Rotary Clubs everywhere in the world with qualified Rotarian volunteers who, while guests of the sponsoring club, will share their business or professional expertise to improve the health, education, or economy of the locality.

Early this year, Tosovsky became the first Rotary Volunteer Abroad. His project is to establish an experimental agricultural station in La Ceiba, Honduras, and demonstrate that trees and farm crops now grown in the area can be usefully introduced. His objective is to make possible a more varied and healthful diet for La Ceiba's people and to develop new economic opportunities for local farmers. He has made two trips this year and plans to return in the near future.

Club President Warren Decatur presided at the business meeting and "club assembly" at which time the committee presented programs and plans for the year. Final plans are to be presented on Sept. 1.

Herbert Schermer will serve as the program chairman for the next meeting on Aug. 6. At which time the committee presented programs and plans for the year. Final plans are to be presented on Sept. 1.

Miss Hinson Honored By Illinois 8 and 40

The Annual Illinois Departmental LaMarche (convention) of the Eight and Forty of the American Legion Auxiliary was held at the Sherman House in Chicago through Tuesday. Miss Dorothy Hinson of Madison, as departmental chapeau, conducted the meeting.

Annual reports were given by the chairmen, and a successful year was announced.

Accomplishments of the year, included formation of two new salons by Miss Hinson in De Kalb county and Crawford county.

Others listed were: \$2000 contributed for nurses' scholarships in the tuberculosis field, a \$1000 bed endowment in memory of Ann Mahoney of Alton, past departmental chapeau, to the National Jewish

Hospital in Denver; \$620 contributed to research for tuberculosis and cystic fibrosis.

Donations to the National Jewish Hospital of \$330 toward purchase of a spectro photometer; \$155 toward purchase of band instruments, and \$1630 donated for bed maintenance, parties, gifts for children patients, clothing and equipment.

St. John's Tuberculosis Sanatorium in Springfield, Ill., received \$200 for purchase of an air-conditioner-heater unit for the children's ward, and \$9465 was contributed to the Chicago Municipal Tuberculosis Sanatorium and Children's Memorial Hospital for clothing, toys, books, parties and equipment.

All county groups assisted their Tuberculosis Associations in operation of mobile x-ray units and in filling envelopes with Christmas seals. They also assisted in hospitals and homes, many children having tuberculosis and cystic fibrosis.

Madison County Salon 53 was the hostess group for the annual banquet in honor of Miss Hinson. Tables were decorated in keeping with her theme, "Stars of Stage and Screen." Entertainment was provided by the local group and consisted of a skit "8 & 40 Through

Ambulance and Auto Collide; No One Hurt

No one was injured in a collision involving an ambulance and auto at Madison avenue and 20th street about 4:20 p.m. yesterday.

The Mercer ambulance, headed east on 20th street with flashing red light and siren, hit the right side of a southbound auto of Gary Helen of O'Fallon, Ill., who told police he had his radio and air-conditioning going and did not see or hear the emergency vehicle.

The ambulance, driven by Paul Simon, 3707 Center street, with Nelson Dunlap, 1839 Grand avenue, as helper, was enroute to St. Mary's Hospital, East St. Louis, to transfer a patient to St. Louis. Damage to the ambulance was minor.

Food Stamp Plan Expanded by U. S. House Action

An additional 35 Illinois counties will qualify for participation in the Federal Food Stamp Program as a result of House action at Washington on Tuesday. The House approved a substitute proposed by Congressman Leonor Sullivan (D-St. Louis) and co-sponsored by Congressman Melvin Price (D-East St. Louis).

As amended the bill provides for a four-year unlimited monetary authorization instead of the one-year 245 million dollar funding recommended by the House Agriculture Committee. Congressman Price told the House he had discovered that 35 Illinois counties would not be able to participate in the program unless the committee authorization was changed. He also cited "national interest" in the program which produced a "20% jump in participation in his own two-county district since January 1967 as another argument against the limited funding recommended by the Agriculture Committee.

"The Food Stamp Program is a self help plan in which the poor buy their food coupons with self reliance and dignity," the program which produced a "20% jump in participation in his own two-county district since January 1967 as another argument against the limited funding recommended by the Agriculture Committee.

Firemen to Rescue To Aid Trapped Dog

The Granite City firemen received a call for assistance at 1:35 this morning from the H. K. Bertrand family of 2523 Grand avenue.

Upon their arrival, they were asked to help release the family puppy, who had its head caught between the foundation of the house and concrete steps.

The firemen, using a metal pipe, moved the steps enough to release the two-month-old puppy called, "Princess." The dog is a pet of the three Bertrand children.

Autos Collide

Involved in a collision Wednesday evening at Madison and Niedringhaus avenues were a auto driven south by Stephen Hayden, 812 Third street, Venice, and John Buckek, 2032 Washington avenue. Police said there was damage to the rear of the Hayden car and to the front of Buckek's car.

Parked Car Hit

The parked auto of Mary Schmidt, 2907 Edwardsville road, was damaged on the right side in the 2200 block of Benton street yesterday afternoon when it was struck by an auto driven by James Pruitt, 2014 Denver street, who was turning around and was backing out of a driveway.

Tax Payments in GC Lagging; Now \$569,000 Behind

Local tax payments at the Granite City treasurer's office are lagging more than a half million dollars behind those of the same collection period last year, it was disclosed today as City Treasurer E. R. "Pat" Rich reported payments totaling \$2,025,680.

Rich said tax collections as of yesterday afternoon stood at \$1,083,063 in real estate tax and \$332,507 in personal property tax for the \$1,025,570 total. Collections began June 24.

The total thus far has been collected over a period of 27 collection days, Rich said. Last year, payments during the first 27 days of the collection period totaled \$2,260,274, including \$2,150,869 in real estate tax and \$444,889 in personal tax.

Half Million Less

As a result, collections yesterday totaled \$569,944 less than that of a comparable period a year ago.

Rich said there are indications that payments are being slowed by the presence of the police and fire department informational picket lines outside the city hall. He said his office has received several calls from individuals and business firms reporting reluctance to pass the picket line to pay tax bills.

The treasurer said that in such cases, taxpayers are urged to mail in their tax payments and the office will send a receipt by return mail.

"The city receives a 2% commission on all taxes paid locally and if payments continue as much behind as they now are the city will lose considerable money," Rich pointed out. After the books are turned over to the county treasurer's office the collection commission goes to the county.

To End Aug. 23

The treasurer's office plans to continue local collections until the close of the day's business at 5 p.m. on Friday, Aug. 23. Payments after that date will have to be made to the county treasurer's office in Edwardsville.

Granite City taxpayers are charged this year with payment of a total of \$7,538,257 in real estate and personal taxes, compared to a total of \$7,272,795 last year.

If a lag of \$569,000 in tax payments continues throughout the remaining three weeks of the collection period, Granite City stands to lose income of from \$12,000 to \$15,000 in tax commissions. Annual income from tax commissions usually ranges from \$120,000 to \$130,000 and is used as one of the city's principal reserve funds to bolster general fund accounts.

Reservists, Guardsmen Protected by U. S. Bill

Congressman Melvin Price's bill to prevent re-employment discrimination against reservists and National Guardsmen cleared the Senate Tuesday afternoon and was sent back to the House with some technical amendments. Cong. Price (D-East St. Louis) predicted that the House Armed Services committee will consider the Senate amendments this week and that the House will complete final action on the measure before it departs on its one month recess for the Republican and Democratic Conventions.

Cong. Price explained that he originally introduced the bill in January, 1967, during the early stages of this Congress, and that it first passed the House in May of this year.

Employment practices that discriminate against employees with Reserve obligations have become an increasing problem in recent years according to Price. Some working men and businessmen have been denied promotions because they must attend weekly drills or summer training and others have been discharged because of these obligations. Congressman Price explained that his bill would protect these reservists and guardsmen by affording them the same treatment as their co-workers not having such military obligations.

The bill also extends from four to five years the period during which re-employment rights may be asserted by enlistees if their extended service is at the request of the government.

Extensive U. S. Manufacturing In Europe Cited

American industrial operations in Europe are growing rapidly and are likely to remain dominant there for many years, Leo Schermer, Madison businessman, said yesterday in an address to the Madison Rotary club.

Discussing the book, "The American Challenge," a best-selling non-fiction work by a French author, Schermer said that even rationalization of such plants by the countries in which they are located would not enable the nations to effectively operate them and monopolize their profits. This is because U. S. research connections would be lost and the foreign plants' product line and equipment soon could become obsolete, the club was told.

Despite German and Japanese gains in some fields, overall U. S. productivity remains far ahead of the rest of the world, due not only to private enterprise but to U. S. education, Schermer said. He noted that four times as many students graduate from American colleges each year than in all the European Common Market countries combined.

With 6% of the people of the world and 7% of the land area, the United States is producing 33% of all goods, the speaker said, adding that Russia is the principal rival and that Japan, Canada and Sweden could be contenders by the end of this century.

The outlook for Europe was described as dark, partly because a majority of many lines of needed equipment is produced by firms having foreign owners. The trend is growing, with European bankers more willing to lend to U. S.-related manufacturers than to others, Schermer said.

He noted that American altruism and generosity continue to be doubted by foreigners, and that past foreign aid might have resulted in better relations if the U. S. had "tied strings" to it. "They're afraid that we're still planning to ask them to pay the bill someday," he concluded.

President Wil Radman presided and it was announced that next Wednesday's speaker will be Ernest Tosovsky sr., Edwardsville, a past district Rotary governor who has traveled extensively in South America to explain American business priorities and plans to return there.

Waste Disposal Bid for County To be Reviewed

A resolution to enter into the solid waste disposal business will be submitted to the Madison county board of supervisors at its Aug. 14 meeting. It was agreed this week at a meeting of the board's sanitation committee.

The bill is to be drafted by State's Atty. Leon Scroggins recommending that an incinerator system with a supplemental landfill be owned and operated by the county.

The county board tabled a resolution that the county establish a disposal system at its July meeting. The sanitation committee at the time recommended no specific method.

The committee seeks to have the proposed system placed on a referendum ballot, along with a bond issue proposal, at the November general election, and the August meeting is considered the deadline for action to be taken on the referendum.

The estimated cost of the system is \$7.8 million, with a tax rate of 6.6 cents per \$100 of assessed valuation. It was recommended in a study completed recently by Horner & Shiffin of St. Louis, consulting engineers.

The engineers also recommended that the county await completion of a regional study including St. Clair and Monroe counties, as federal funds could be available to help finance an overall development.

But the county sanitation committee, headed by Carl Buehler, assistant Granite City township supervisor, points out that private landfills are nearing their capacity and will be forced to close.

The new resolution will designate an incinerator to serve the populous western part of the county and a landfill for the sparse eastern regions.

Mrs. Tomlinson, 77, Dies Tuesday in Florida

Mrs. Minnie Tomlinson, 77, of 3449 Oak Drive, Jacksonville, Fla., a former local resident, died at 10:30 a.m. Tuesday in a hospital at Jacksonville.

Born in Shiloh, Ill., she made her home there for 20 years before moving to Granite City and living here 50 years. She moved to Jacksonville seven years ago.

Mrs. Tomlinson was a member of the First Assembly of God Church, 24th street and Grand avenue.

Survivors include two daughters, Mrs. Ruth Allen, Jacksonville, Fla., and Miss Estelle Lewis, Redlands, Cal.; five sons, Paul Lewis, and Carl Lewis both of Granite City; Russell Lewis, Miami, Fla.; Raymond Lewis, Jacksonville, Fla.; and William Tomlinson, Pensacola, Fla.; one sister, Mrs. Albert (Ruth) Bradley, Galesburg, Ill.; 23 grandchildren and two great-grandchildren.

Funeral arrangements are given in today's obituary column.

Teamster Leader New Chairman of LAMP

Gene Walla, president and business manager of Teamsters Local 682 of St. Louis, has been selected as the new general chairman of LAMP (Labor and Management Plan), effective in September. He succeeds William F. James, president of Bill James Enterprises.

"I am extremely proud to be able to serve in this community effort at improving and maintaining labor-management harmony," Walla, 47, said as he acknowledged James' efforts in LAMP's first-year "shakedown cruise."

LAMP was originally formed by the Regional Industrial Development Corp. The chairman's job rotates each year between labor and management.

ISU to Conduct Last Summer Commencement

Illinois State University will hold the last of its August commencement ceremonies on Aug. 9, ending a series which began in 1946. The exercises will be held at 2:45 p.m. in the Horton field house.

In the future the university will hold one commencement program a year in June. Major reasons cited for the change were growth, time, money and faculty resources involved.

Three Counselors to Return from CYO Camp

Kathy Rutkowski, Linda Malotki and Theresa Pashea of Granite City will return home Saturday after spending the past month as counselors at the CYO camp Star of the Sea at Lake Springfield. Misses Malotki and Pashea attend Granite City high school and Miss Rutkowski attends St. Teresa's Academy, East St. Louis.

State Park Homes To Tap on Canteen Twp. Sewer Trunk

A tentative agreement which will allow State Park Place residents to tap onto a new storm sewer trunk line to be constructed by Canteen township was announced at a meeting of the Nameoki township board Tuesday night.

The new line will run along Route 40 starting at the northeast corner of Canteen township and bordering on Nameoki township, and plans have been made to serve areas not previously included—west of Monks Mound, the Fairmount race track and Nameoki township residents who live on the south side of Route 40.

Harry Briggs, Nameoki township supervisor, said, however, the State Park sewer survey will require updating because of the new areas and must be conducted soon as the Canteen sewer plans are to be completed in November.

The consulting engineering firm of Horner & Shifrin of St. Louis has offered to update the survey at a cost of up to \$2500. A contract for the work has been prepared, but township officials are seeking means to obtain the money before it is signed. The firm is doing the planning for the Canteen project.

Briggs said he believes the township can obtain an additional \$2500 loan from the federal Housing & Urban Development Agency but that the process would take too long. Canteen township has prepared a \$2,280,000 sewer proposal and has received a \$1.4 million HUD grant.

The Nameoki town board is to meet again this evening to study the financial situation. The board also discussed fencing around the township office and garage area as it can be hazardous to children playing there. Briggs noted that cinders are stockpiled on the property. New bids are to be opened at 7 p.m. today.

Plans were made to serve notice on the owner of a flagrant slough near the Roney addition to correct conditions leading to noxious odors and causing water to be dumped in basements of nearby homes.

LEVELING OF FILL along FA Route 151 right-of-way at Denver street, north of the Granite City Army Depot, in preparation for paving of Great River Road from Pontoon road to Niedringhaus avenue. Contractors say paving will start in September. Target date for completion of the paving is next July. The contract deadline for completion of the section is October 1969.

Mayors Honor Col. Hoskin For GC Depot's YOC Program

Today at 10 a.m., Col. Charles E. Hoskin III, commanding officer of the Granite City Army Depot, was presented with a joint proclamation by the mayors of Granite City, East St. Louis, Madison and Venice.

The proclamation designated the month of August 1968 as "Youth Opportunity Campaign Month," in recognition of the Depot's outstanding leadership in the field of employment of disadvantaged youth. This is the fourth year of GCAD's Youth Opportunity Campaign.

In 1965, 18 disadvantaged youths were employed; and in 1966 the number was 55. In 1967 in response to the pressing need for the employment of Negro youths from the East St. Louis area, the Depot expanded its program to over 135 disadvantaged youths. This summer, the Youth Opportunity Campaign employs over 175 disadvantaged youths.

Besides leading the community in numbers-hired, the Depot's program has led the two-state metropolitan area in comprehensiveness and effectiveness. The two central features of the 1968 Youth Opportunity Campaign are its counseling system and its field trip schedule.

PROCLAMATION

WHEREAS, the President of the United States directed Federal agencies to encourage leadership in providing meaningful summer work and training opportunities for disadvantaged youth; and

WHEREAS, the Granite City Army Depot employs 175 youths in its Youth Opportunity Campaign; and

WHEREAS, this program provides jobs and training for youth from economically, culturally, and educationally disadvantaged backgrounds; and

WHEREAS, for many young people, this program provides the necessary funds to stay in school or return to school; for others, these jobs provide experience and training for regular employment.

Ainad Temple Ceremonial Set Friday, Saturday

Ainad Temple and all its units, including many Quatuorians, according to Potentate Harold R. Manne sr., will be in Centralia, Friday and Saturday for one of Shriners' biggest outdoor Ceremonials, it was announced today by Potentate Harold R. Manne sr.

The high school gymnasium at Centralia will be the scene for the admission of 100 candidates to the "Hot Sands of Shriners." These new members are from all of southern Illinois, representative of the 28 Shrine Clubs in Ainad.

Henry B. Struby, P.P., Had Temple of Evansville, and the First Ceremonial Master in the Imperial Divan, will be a special guest at the Ceremonial. He will be among some of the other Temples dignitaries at a luncheon Saturday noon prior to the parade.

Many of the units will give individual performances on the downtown streets after the parade on Saturday, and among them will be Ainad's Champion Arab Patrol, Tuncred Chapter, Order of DeMolays Black Knights Drum and Bugle Corps will also give a performance downtown.

Past Potentate Forrest Creson, Director General of Ainad, says more than 25,000 people from the Centralia area will line the streets for the parade and festivities on Ainad's first visit to Centralia.

Five Youths Arrested In Venice, Three Fined

Fines and costs totaling \$95 were assessed in the Gray City magistrate court yesterday against three Centerville youths, one of them a juvenile, who were arrested by Venice police at 3 a.m. yesterday on County road. Two girls also were arrested but were released on notices to appear for hearings Aug. 14.

Four were charged with curfew violation and two of the youths who were fined yesterday also were charged with disorderly conduct. Police said Booker T. Lumas, 23, was fined \$15 on a disorderly conduct charge, Roy Lumas, 18, was fined \$40 for curfew violation and disorderly conduct and a 15-year-old boy was fined \$40 on the same two charges.

One of the girls released for a later hearing was an 18-year-old from Venice. The other was a 16-year-old girl of Centerville. Police said the youngsters were parked near a car junkyard. Two sea-beam headlights that apparently had been removed from one of the autos were being brought out of the yard, it was alleged.

Strike Continues At Plastic Plant

A strike involving 22 employees of Chris Kaye Plastics Manufacturing Co., 1200 Madison avenue, continued today with no further meetings scheduled for negotiating a new contract.

The strike began Monday morning following a breakdown in six weeks discussion of new contract terms. At that time Chris Kacaleff, operator of the firm, said wages and working conditions were not involved.

Three to Be Ordained At Church in Madison

Ordination services for Rev. Thomas Malone, Rev. Ollie Wright and Rev. Elijah Williams, members of the Southern Baptist Church, 921 Bissell street, Madison, will be held there at 3 p.m. Sunday, Aug. 4. They will become Southern Baptist ministers.

The ordination sermon will be presented by Rev. H. B. Robinson, a former pastor of the church who is now the minister at the Bethel Baptist Church, Omaha, Neb. Rev. Robinson is conducting nightly revival services at 7 o'clock through this Sunday, with a 50-voice choir singing prior to his 8 o'clock sermons.

Admitted to Hospital

Granite City Detective Joseph Nemeth, 1861 Spring avenue, was admitted to St. Elizabeth Hospital Tuesday after an x-ray showed a positive reaction in the abdominal area. He had suffered elbow and knee injuries in a traffic accident last Saturday, but it was undetermined if the mishap caused internal injuries.

Faces License Charge

Myrtle Marie Neal, 18, of 1824 Sheen street, Madison, was arrested in Venice at Klein and Jefferson streets yesterday afternoon on a charge of driving without a driver's license. She was released on notice to appear for hearing Aug. 7.

Local 'Well Baby' Clinic is Featured in Nat'l. Magazine

A special feature article in the current issue of a national magazine, "Hospital Progress," pays tribute to a local activity in which St. Elizabeth Hospital and its staffers are participating.

It relates in detail the activities of the local "Well Baby Clinic," and was prepared and written by Sister Mary Thomas, hospital administrator, who also helped with the seven illustrations.

Entitled "Well Baby Clinic Serves Deprived," the article in its complete text follows:

A neighborhood service center sponsored by the Economic Opportunity Commission of Madison has been functioning for several months as a well baby clinic, with help of hospital personnel and other volunteers.

The personnel come from St. Elizabeth in Granite City and include nursing alumnae and others from the staff. A pediatrician, Dr. B. B. Bernan, collaborated with the administration of St. Elizabeth in the planning of the project and offers his services for consultation. He also makes referrals to other physicians when the situation warrants.

The need for the clinic was outlined by school nurses, who reported that many children of school age had not received regular immunization shots—or even been seen by a physician since birth. The EOC had the facilities, a renovated garage in a poverty area of Madison, and after consultation with local and Illinois health authorities, further meetings were planned to get the project under way.

The hospital educational director and administrative resident met with Mrs. Paula Webb, a registered nurse, who staffs the center full time and an agreement was reached.

Public health nurses instructed participants in required public health standards and provided sample forms and hand-out materials. The Tri-City Medical Society helped set up the visit structure and two hours every other week. Nurse alumnae from St. Elizabeth, the school nurses and inactive nurses volunteered their assistance.

Local pediatricians instructed

these nurses in child growth and development that they might in turn instruct young mothers. The hospital's pink ladies and other volunteers have given their time and talents to the project.

There is no charge at the clinic and any well child not under regular medical care is accepted by appointment in the bi-weekly sessions. The EOC has applied for a grant, but meanwhile, materials are being supplied by donations from physicians' offices, the hospital and pharmaceutical companies.

The project-center consists of a reception room opening into a fairly large waiting room surrounded by several partitioned offices. Preliminary information is taken in the reception room. The mothers and children then wait their turn to be taken into the preliminary examination room where temperatures are taken, the children are weighed and their body length and head size measured. The mother is asked for further information about the child's eating habits, health history, baby shots and elimination.

In another partitioned area the child is thoroughly examined and orders are written for diet, immunization shots, TB testing and general hygiene where necessary. Most then visit the injection room for shots, TB tests or oral polio vaccine. A short conference winds up the visit during which orders are clarified and diet, growth and development are discussed.

After several months of operation, the project has been proven sound and local enthusiasm is high. Local and state officials have praised its work. The project has paid dividends in satisfaction to all who have participated in its operations. Moskovitz A.A.M. Sanders, secretary general of the International Catholic Confederation of Hospitals, writing in the December, 1967 issue of Hospital Progress, "provided stimulus when he urged Catholic hospitals to engage in activities that would "... show that the Catholic Church offers not only words, but even word of God, but actual deeds which effectively manifest the truth of the Gospel."

Pfc Sabo With 1st Air Cavalry Division

Pfc John F. Sabo Jr. has received his permanent assignment in South Vietnam duty as a rifleman with Company A of the Fifth Battalion, Seventh Cavalry, of the First Air Cavalry Division.

The son of Mr. and Mrs. John F. Sabo, 2768 Madison avenue, he took basic Army training at Fort Leonard Wood, Mo., and advanced training in mine laying, grenades, machine gun and combat assault at Fort Polk, La.

He would like to hear from his friends at U.S. 86080900, Co. A, 5th Bn., 7th Cavalry, 1st Air Cavalry Div., APO SF 96400.

Events for Women At State Fair

The kitchen of the next century will be at the Illinois State Fair, Aug. 9-18, when a space-craft kitchen designed for the MGM Cinerama production "2001: A Space Odyssey," goes on display. The compact kitchen is push button operated, stores dried foods without refrigeration, prepares and serves entire meals never touched by the cook until they are served. It automatically keeps a constant inventory of foods and liquids on hand.

Fairgoers will take a chance to taste the cake which won

\$25,000 in the 1968 Bake-Off. Mrs. Phyllis Lidert of Oak Park will be in the Dairy Building on Aug. 9 and 10, during the Illinois State Fair, baking the cake on stage at 10 a.m. each day. At 1 p.m., the cooled and completed cake will be presented and served to those present.

Any woman attending the 1968 Illinois State Fair will have a chance to be crowned a queen if she's willing to publicly admit she is over 39 years old. Judging will be solely on charm and appearance. Fair Manager Franklin Rust will crown the winner on Aug. 13. The queen will receive a tiara, roses and two tickets to the grandnight nighttime show.

Parked Auto Struck

The left rear of an auto owned by Ronald Glasgow, 2067 Fourteenth street, was struck by a hit-and-run driver while parked at his home at 8:50 p.m. Tuesday.

Tribute will be paid to "The Wonderful Women of Illinois" in six style shows of handmade, authentic reproductions of historical gowns in the Exposition Building during the 1968 State Fair. Made by Mrs. James McMillen of Antioch, the 25 to 30 outfits will be shown at 2:30 p.m. and 6:30 p.m. on Aug. 10 and Aug. 13, and at 12:30 p.m. and 6:30 p.m. on Sunday, Aug. 11. Admission is free.

Auto Hits RR Flasher When Forced off Road

A freak accident occurred about 8:20 p.m. Wednesday on Route 3 near the A. O. Smith Corp. plant where an auto driven south by Robert Gregonis of the Granite City Army Depot was forced to swerve off the pavement because of a stalled auto.

Gregonis' auto hit a flasher standard at the Illinois Terminal Railroad crossing and bounced into the auto of Ida B. Lindsey, 2319 Emme street, that was stalled.

No one was hurt in the crash, police said.

\$70,182 County Sales Taxes in 3-Month Span

Sales tax records revised yesterday by the Illinois Department of Revenue show \$70,182 receipts for the Madison county treasury based on unincorporated area sales during the first three months of 1968.

Three-fourths of 1% of each sales dollar goes to counties, the same portion that is received by cities and villages from sales occurring within municipal boundaries. The rate increased from a half-cent per dollar on Aug. 1, 1967.

The revised statistics altered the March taxes for all 93 participating counties.

The figures now show \$19,923 forwarded from Springfield to Madison county for January 1968, with \$22,705 for February and \$27,453 for March. Grand total for all of 1967 was \$235,017.

The \$70,182 quarterly total is 55% greater than the \$45,362 derived by Madison county in January-March 1967, when the rate was lower. Amount of tax increase was 50%, indicating that the sales volume has increased slightly this year compared to last year.

Since the county sales tax went into effect here in October 1969, Madison county has netted \$1,575,643, including the March collections.

Great first-quarter 1968 collections from 93 counties under the County Retailers' Occupation Tax amounted to \$2,147,247, a Revenue Department spokesman said.

The quarter gross was reported by \$85,818 administrative costs and \$1,790 for payments held under protest. Net balances were \$631,669 for January, \$631,920 for February and \$760,050 for March. Livingston county was newly added to the list.

Service Occupation Taxes collected in 70 counties totaled \$81,013 and are being held in trust pending disposition of litigation. These collections amounted to \$18,878 in January, \$18,090 in February and \$34,044 in March.

Service Occupation Taxes collected in 70 counties totaled \$81,013 and are being held in trust pending disposition of litigation. These collections amounted to \$18,878 in January, \$18,090 in February and \$34,044 in March.

The error may simply involve a mistaken number, since his actual license is MH 6434 and the traffic ticket listed it as MH9494. Benko's state license card number matches the number on his plates, but there was an identical numerical error on a metal license tag he received from a veterans' organization. If the police department used the veterans' list, the mistake is understandable.

His concern stems from reports indicating that other motorists in this area have received Urbana notices but had not actually been there, he said; the correct license numbers were given in these instances, he learned, adding that he thinks the notice process is being misapplied.

The notices ask for immediate payment of \$3 or threaten that higher cost may result through pressing of charges in favor of the city of Urbana, Benko said.

Man Bound Over To Jury in Drug Prescription Case

Jimmie Dale Castle, 22, of 2118 Missouri avenue, was bound over to the Madison county grand jury Tuesday on a charge of forgery in an attempt to obtain narcotic drugs. A preliminary hearing was held Tuesday afternoon in East Alton.

Bond was set at \$6000 by Magistrate Gianakopolis and Castle was remanded to the Madison county jail in Edwardsville. The grand jury is scheduled for recall on Monday.

Castle was arrested Saturday afternoon at the Eastgate shopping center in East Alton where police said he had tried to fill a forged prescription in a drug store.

While being questioned in back of the store, Castle fled on foot but was chased and stopped. An additional charge of resisting arrest was placed against him.

Use of forged prescription forms which had been stolen in burglaries either at the offices of Dr. David Friedman at Myrtle and Jill avenues here in May or at his home led police in the East Alton-Wood River area to conduct an investigation last week. More than 100 blanks were taken.

Police suspected a pep pill ring was operating when two women used the blanks in an attempt to purchase desoxyn, a potent amphetamine prescribed for dieting. Fictitious names with false Granite City addresses were used.

RECEIVING CERTIFICATES are 48 employees of the American Steel Foundries for completion of a blue print reading course. The certificates were presented by A. P. Steinhauer, works manager. The blue print reading course was initiated at the local plant by one of the supervisory force.

48 American Steel Workers Complete 8-Week Course

Forty-eight employees of the American Steel Foundries received certificates for completion of a Blueprint Reading Course recently conducted at the Granite City plant. A. P. Steinhauer, works manager, presented the certificates of completion and a bound road atlas to the employees at a dinner meeting in recognition of their achievement.

The reading course was initiated at the local plant following a suggestion by one of the supervisory force. The material for the course was developed by plant personnel to acquaint students with the fundamentals of blue-print reading and interpretation.

The course was instructed by plant personnel in the personnel building conference room during the employee's non-working hours at no cost to the employee. Duration was eight weeks.

Those completing the course were Willie C. Brown, Omar Canty, Louis Casey, Alfredric Cathion, Sam Clark, Willie Colston, Leslie E. Coulson, Edward Craft, Claude Davis, Orio Dermott, Jimmie Dumas, Robert Dunscomb, Wilbert Eggemeier, Jr.

GC Kiwanis Planning 'On to Convention'

The Granite City Kiwanis Club met Monday evening at the Rose Bowl for a monthly business-dinner meeting, with 20 members present along with two guests, Dr. Hugh Brooks

of East St. Louis and George Cook of Columbus, Ind. The program was presented by the Past Lt. Gov. Harold Heller of Glen Carbon. He is serving this year as the chairman of Illinois-Iowa District for "On to Convention Committee." The convention will be held Aug. 18, 19 and 20 in Chicago.

He showed slides pertaining to the convention and various places of interest to those who may attend the convention. An Inter-Club noon meeting was held today in East St. Louis with Peter Jellen, William Herman, George Grove, Marvin Barnes and Melvin Gille of the local club attending.

Announces Birth of Son

Mr. and Mrs. Roy Jass, 4610 Kirkpatrick Homes, have named their first son Roy Jr. He was born Wednesday of last week at Jewish Hospital, St. Louis, and weighed 9 pounds, 9½ ounces. The couple also has five daughters.

ARTHUR GILLHAM Arthur Gillham, 62, Local Church Leader, Dies

Arthur G. Gillham, 62, of 2109 Bryan avenue, died at his home at 1:10 a.m. Tuesday and was pronounced dead at St. Elizabeth Hospital. He had been ill for four years and under medical care.

Born in St. Louis, he had lived here for 61 years. He was employed at General Steel Industries as a journeyman machinist and worked there 38 years. He resided at the Bryan avenue address 40 years. A 47-year member of the Second Baptist Church he had taught Sunday school there since he was 17 years old. He was ordained as a Deacon of the church in 1931.

Well known in church work and civic activities, he was also a past president of the Madison County Baptist Church Brotherhood Association; a member of the Modern Woodmen of America; Machinist Local 572; Masonic Lodge 835; Low Twelve Club; Sword of Bunker Hill; St. Clair Council 61; Past High Priest Royal Arch 221; Past Watchman of Shepherds; Gabriel Shrine 78 and Past Patron of New Hope Chapter 432 Order of Eastern Star.

Survivors include his wife, Mrs. Wilma L. Gillham; two sons, William E. Gillham of Los Angeles, Calif., and Herbert (Doc) Gillham of Rolla, Mo.; a granddaughter who resided with them, Theresa Ann Gillham.

He was preceded in death by his parents, former Fourth Ward Alderman and Mrs. D. B. Gillham, and a brother, William Lacey Gillham. Arrangements are given in today's obituary column.

Shoplifter Gets Three Month Vandalia Term

Swift action in disposal of a theft case resulted in a three-month jail sentence for the defendant within a matter of hours after his arrest. James Duckett, 24, of 1022 Calhoun street, Venice, was sentenced to three months on the Illinois state farm at Vandalia when arraigned in Granite City magistrate court 16 hours after he had been captured in front of Schermer Bros. Market, 12th street and Madison avenue.

Duckett was captured by three carry-out boys employed at the market after one of them asked Duckett what he was carrying in a sack as he was walking out the front door. Duckett dropped the bag, containing four bottles of Scotch liquor and fled. The carry-out boys gave chase and held Duckett until police arrived.

Avery Schermer, co-operator of the market, commended Madison police and the state's attorney's office for their co-operation and rapid work in convicting Duckett, noting that the incident should alert the public to the fact that shoplifting can lead to prompt arrest, conviction and confinement.

41 Groups Urge Relocation, Expansion of Locks at Alton

Forty-one civic, labor, local government, business and education groups, including eight in the Quad-City area, all members of the St. Louis Regional Industrial Development Corporation (RIDC), have endorsed an RIDC resolution supporting the proposed relocation and expansion of the Alton locks and dam, Howard L. Young, RIDC board chairman, Col. Charles B. Schweizer, chairman, RIDC Water Resources committee, announced Tuesday.

"These organizations represent the diverse interests of our bi-state region," Young said, "and they represent the concern of the total community that a key element in the economic structure be strengthened."

Noting that this region is now one of the largest inland ports in the nation, handling over ten million tons of water-borne freight each year, Col. Schweizer said the present locking facilities are overcrowded.

"Current figures show that 43 million tons of traffic is moving through Lock 26 although the lock's practical capacity is only 41 million tons. If we are to assure our region's growth and take maximum advantage of this natural asset, we must do everything we possibly can, now, to insure that this river bottleneck is eliminated," he said.

\$200 Million Project

The \$200,000,000 program to relocate and expand Lock 26 is being proposed by the U. S. Army Corps of Engineers. Dr. Reid Ross, RIDC executive vice-president, pointed out that of the organizations scattered throughout the bi-state community, many will derive no immediate or direct benefit from the lock's improvements.

"However," Ross said, "these organizations realize that the lock's improvement will be of direct benefit to the entire community, and that's what RIDC is all about—every segment of our community pulling together in a unified effort to produce tangible benefits for the whole region."

Massive Support
Col. Schweizer added that this is the first time to his knowledge that any massive regional support has been drawn together by a single organization for a project with such regional significance.

RIDC organizations, which have expressed their support for the proposal are: Labor organizations: St. Louis Labor Council, Missouri Kansas

Confederation of Teamsters, St. Louis Building and Construction Trades Council, Collinsville Trades Council, Edwardsville Central Trades and Labor Council, Council of Southern Illinois Building and Construction Trades business representatives, Belleville Trades and Labor Assembly, East St. Louis Labor Council, Teamsters Local 535, Alton-Wood River Building & Construction Trades Council and Alton-Wood River Area Federation of Labor.

Local government groups: State of Missouri, East-West Gateway Coordinating Council, Business and Industrial Development Commission of St. Louis County, Southwestern Illinois Council of Mayors, East Side Levee and Sanitary District, Southwestern Illinois Metropolitan Planning Commission, Jefferson County Court and Jefferson County Board of Supervisors.

Business and civic organizations: Southern Illinois University Builders Association, St. Louis Clearing House Association, St. Louis Chamber of Commerce, Associated General Contractors of St. Louis, Jefferson County Bankers' Association, Mississippi Valley Association, Civic Progress, Manufacturers Association of the Tri-Cities, Alton District Manufacturers Association, East St. Louis Chamber of Commerce, St. Louis East St. Louis Conference, Illinois Metro-East Industrial Development Corp., Waterways Chamber of Commerce and Southern Illinois Builders Association.

Educational institutions: Junior College District of St. Louis and St. Louis County, University of Missouri at St. Louis, Southern Illinois University, Jefferson College, Hillsboro, Mo., Southern Illinois University, St. Louis Board of Education and School District of St. Louis County.

Arizona Students Rough It Near SIU Campus

An exceptional group of outdoor enthusiasts made a 1700-mile trek to a new conservation education land area near Little Grassy lake near Carbondale. They are coming from Tucson, Ariz., in mobile campers and they'll spend five days roughing it near Southern Illinois University's outdoor education center.

Heading committees are Rich Moore and Rich Diak, tickets and reservations, and Dave Evans, rehearsals. Participants will include Dotti DeWitt, Jane Parmlay and Valerie Pashea, past club sweethearts, and Terry Moore, past president. Current Roca sweethearts will serve as hostesses. They are Daria Walton, Ruth Diak, Pam Peters and Debbie Portell.

H. S. Seniors Urged to Consider Navy ROTC

The U. S. Navy is pointing out the advantages of its Naval Reservist Officer Training Corps program to high school seniors planning to attend college.

The program is designed to train career officers for the Navy and Marine Corps. It includes payment by the Navy of tuition, educational fees, textbooks, uniforms and a \$50 monthly subsistence allowance to its members for four years. Selected candidates are enlisted in the U. S. Naval Reserve and are appointed midshipmen upon enrollment in college.

The college majors which a candidate may undertake are many, and only a few non-technical professional majors are prohibited.

During summers between college years, midshipmen participate in at-sea training periods which provide practical experience in naval operations. Upon graduation, midshipmen may be commissioned as ensigns in the Navy or as second lieutenants in the Marine Corps. High school seniors are urged to investigate the program now by requesting a 1968 NROTC bulletin of information from any Navy recruiting station or from the Chief of Naval Personnel (Pers-3641), Department of the Navy, Washington, D.C. 20370.

International Services Stressed at University

"We are affected in this country by everything going on all over the world, and we can't ignore it," says Dale Wantling of Granite City, dean of International Services at Southern Illinois University's Southern campus. "You can't pick up a newspaper without reading about people and places."

"Coercion and war will not bring peace," he believes. "Only by educating persons to live as world citizens can we have a sound basis for harmonious living. That's what this office (International Services Division) is all about."

Wantling's tenet is not new, but he hopes to do something about bringing world understanding, not just talk about it. "My role as dean," he said, "is one of persuasion and education. I want to stir up the faculty to better sensitize our students to man's problems over the globe."

"If the faculty doesn't foster this international spirit, the students can't take advantage of the opportunities for global service. I hope to intensify poly-cultural dimensions and eventually develop degree programs with international emphases on this campus."

Career Opportunities
Many career opportunities are available if young people are trained for them, Wantling pointed out. There are some 400 major industries between this area and Chicago which have extensive foreign branches, he said. "They hire Americans to represent them abroad and want persons technically and culturally acceptable. I believe the universities have an obligation to provide the personnel."

At SIU-SW there is the where-withal, the dean contends. "We just need to put it together. Use of the language laboratory has made it possible to learn a foreign tongue easily," he is spoken. Students can now "soak up" another country by living and working in it. Electronic aids have helped break the communication barrier."

As an administrative unit on this campus, we have to know what's going on in the world, the SIU dean said. "We must know about new government contracts available and check-

\$15 Application Fee To Be Set by U. of I.

A \$15 non-refundable application fee for persons seeking admission or readmission to the University of Illinois has been established by the university's board of trustees. It becomes effective with applications for September 1970.

Pres. David D. Henry in recommending the fee to the trustees said it would help discourage multiple applications and offset in part constantly increasing costs of processing applications.

He said that since 1963, applications for admission to the fall term on the university's three campuses—Urbana-Champaign, Medical Center in Chicago, and Chicago Circle—have increased 58%, from 26,452 to 41,750.

The fee will be required of each applicant for admission or readmission at the time he submits his application, with the exception of extramural non-degree applicants and members of the university faculty and staff. It is not applicable to tuition or other fees.

Graduate degree students who register in consecutive summers will be subject to the fee only one time, since they are not required to reapply each summer.

Henry explained that all state universities in Illinois except the U. of I. and Southern have been requiring a \$15 non-refundable application fee, and that all Big Ten universities except Illinois and Michigan have been making this charge.

Dennis Meyer to Enter Model Plane Contest

Dennis Meyer, 16, of 2004 St. Clair avenue, is a contestant in the 1968 national model airplane championships to be held Saturday through next Thursday at the Naval Air Station, Olathe, Kans.

Practical flown in the national will range from small indoor models, gliders and rubber-band powered, to big four engine, radio controlled scale models which cost from a few cents to thousands of dollars. More than 1000 contestants will participate.

ling received his A.B. degree in mathematics and his M.A. in that field from the University of Illinois and his Ph.D. in education from Ohio State University.

His experience includes several years as a high school math teacher and principal. He was at the University of Tennessee from 1945 to 1960, with two years out (1954-56) as rural teacher education adviser to Lebanon (USOM). From 1957 to 1960 he was dean of that university's graduate school.

From 1960 to 1962 he was chief education adviser, TCM, India; ICA/AID. In 1962-63 he was deputy chief, Education Service, Office of Personnel Administration, Orientation Activities Branch, AID, Washington, D. C.

He retired in 1965 as a career foreign service officer. Since 1966 he has been at local campus, where he doubled during the past year as acting head of the education division.

Wantling and his wife live in Granite City at 2707 Harvey place.

Vietnam War Lends To McCarthy Support

The Vietnam war, rather than the personal qualifications of Eugene McCarthy, is the major uniting force which brought out the throngs of students supporting him in the primary campaigns.

This is the conclusion of a study done by Melvin Kahn, associate professor of government at Southern Illinois University, Carbondale.

Kahn surveyed 1228 volunteers, 866 of them college students, who were working for McCarthy during the Wisconsin primary March 28-31. A brief report of his survey is reported in the July-August issue of the magazine Trans-Action.

Kahn found the students were mostly from middle-class backgrounds, with a median income of their fathers about \$13,000. There was some tendency towards a liberal viewpoint on matters such as open-house legislation and labor. There was also evidence of a credibility gap, with 32% of the students saying they "seldom" or "rarely" believe what the administration says.

Reserve Officers Program has Openings

The Reserve Officer Candidate Program (ROCC) has openings for men who are high school seniors and college freshmen, sophomores, and certain juniors. Additional qualifications require that a ROCC be U.S. Citizens, between 17 and 27½ years old, and able to pass mental and physical examinations.

One of the features of the program permits qualified applicants to complete their education at the college of their choice. Upon completion of their junior year, candidates attend an eight-week school at either the Naval Academy at Annapolis or the Officer Candidate School at Newport, R.I.

Immediately following graduation, the second period of Naval schooling begins and if successfully completed, commissions as Ensigns are given followed by three years of active duty.

Interested young men may contact the local Naval Reserve Recruiter at Naval Reserve Training Center, Lambert Field, St. Louis, Telephone HA 9-4440.

Kimberly Worster Attends Jr. GA Camp

Miss Kimberly Worster, 12-year-old daughter of Mr. and Mrs. Charles Worster, 3256 Wabash avenue, has returned home this week from Columbus, O., where she had been the guest of Mrs. Beale Kirkwood. Mrs. Kirkwood is the wife of the late Rev. A. L. Kirkwood, who formerly served as pastor of the Third Baptist Church, 26th street and Grand avenue.

Miss Worster and Mrs. Kirkwood motored to the Junior Girls' Auxiliary Camp Assembly at the Seneca Lake Baptist Assembly located in Seneca, N.Y., and remained there for one week.

Mrs. Kirkwood, who is the executive secretary for W.M.U.S. for the states of Ohio, Pennsylvania, New York and Virginia, also served as director for the Assembly Group.

Two of the main speakers were Baptist Missionaries, Rev. Ted Cromer, missionary to Nigeria, and Miss Juliette Mathe, missionary to Taiwan.

Miss Worster also met Dr. Ray Roberts, who is to be the guest preacher for the Good News Crusade, to be held here this month at the high school stadium, sponsored by the Madison County Baptist Association.

U. I. Medical School Enrollment Up Third
A total of 1869 students—933 men and 936 women—have registered for the summer quarter, 1968, at the University of Illinois Medical Center campus in Chicago, it was announced today.

According to Dr. Anthony J. DiIemma, director, admissions and records, the total is a 33% gain, which amounts to an additional 275 students as compared to the same period last year.

SIDEWALK IMPROVEMENT at Southern Illinois University's Southern campus by workmen of the Holland Asphalt Paving Co. of Granite City. They are applying a base coat of oil prior to placement of asphalt on primary walks near the campus mall and those leading to the parking lots. Many women complained that the gravel formerly on the walks "scarred" the finish on their high heels, and university authorities also were displeased with the rock scattering.

Metcalf Named Finance Director at SIU-SW

James F. Metcalf of Edwardsville, a member of the Southern Illinois University-Southwestern campus business staff since 1956, has been named director of finance for the local campus.

Metcalf joined the SIU staff at Carbondale as an accountant, became division chief auditor here in 1962 and was named assistant to the director of business affairs in 1963. In 1966 he was appointed director of the business affairs services division.

A native of Carbondale, the new finance director graduated from SIU in 1955 with a bachelor of science degree in business administration. Prior to joining the SIU staff he was an accountant with Curtis and Ross, certified public accountants in Carbondale, and with Sangamo Electric Co. in Marion, Ill.

Metcalf will be succeeded as chief business services officer here by Bill D. Hudgens who has held a similar position on the Carbondale campus.

Hudgens, also a Carbondale native, is a 1948 graduate of SIU. He earned a bachelor of laws degree at Washington University before joining the University staff in 1962. He came to SIU as assistant director of auxiliary and service enterprises and became director in 1963. He was promoted to director of the services division in 1965.

New GC High School Students to Register

New high school students who have moved into the Granite City school district during the summer are being asked to register as soon as possible for the fall semester at Granite City high school, Steve Jones, assistant principal, announced.

They may report to the school office which is open from 8 a.m. to 4 p.m. five days a week.

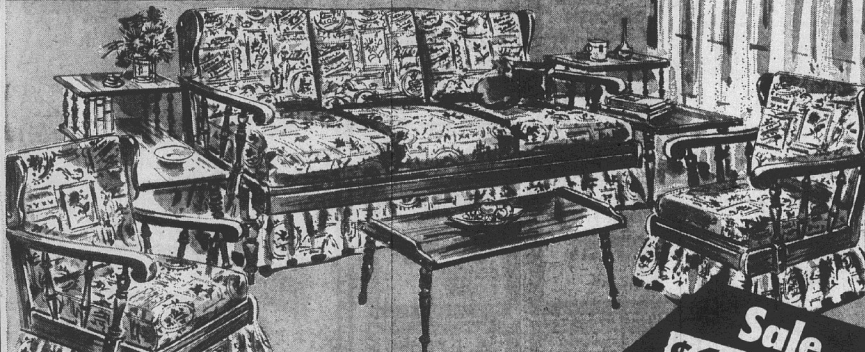

Academic Honors at UIU For 3 Area Students

Miss Diane E. Holschouer and Miss Barbara Jo Zimmer both of Granite City and Miss Margaret Reidelberger of Venice, are listed among the 410 students of Eastern Illinois University, Charleston, Ill., who received academic honors for the spring quarter.

Of this total, 290 students received honors and 120 students received high honors. A grade point average of between 3.75 and 4.0 is necessary for high honors and an average of 3.40 and 3.74 for honors.

Miss Holschouer received high honors and Miss Zimmer and Miss Reidelberger both received honors.

Selecting Cantaloupe

You can eliminate the guesswork from selecting top-quality cantaloupes if you learn to recognize the signs of maturity and ripeness.

Geraldine Acker, University of Illinois Extension county specialist, recommends that you look for these three major signs of full maturity:

—The stem should be gone, leaving a smooth, symmetrical, shallow basin called a "full slip." If all or part of the stem base remains, or if the stem scar is jagged or torn, the melon is probably not fully matured.

—The netting or veining should be thick, coarse and corky. It should stand out in bold relief over the melon surface.

—The skin color between the netting should have changed from green to yellowish-buff, yellow-gray or pale yellow.

In addition to checking for signs of maturity, you should be sure the melon is ripe. A ripe cantaloupe will have a yellowish cast to the rind, have a pleasant cantaloupe odor and will yield slightly to light thumb pressure on the blossom end.

While some cantaloupes displayed in retail stores may be ripe, most have not yet reached their best eating stage. Keep them for two or four days at room temperature to allow completion of ripening.

Avoid overripeness, shown by a pronounced yellow color and a softening over the entire rind. Small bruises normally will not hurt the fruit, but large bruises generally cause soft, water-soaked areas underneath the rind.

Mold growth on the cantaloupe, particularly in the stem scar, is a sign of decay.

Consistency Needed for Preschool Bedtime Routine

A happy bedtime routine for your preschooler calls for consistency, says Lucille Pepon, University of Illinois Extension family life specialist. And reasonable consistency in time for bed is only one part of a general routine to help children relax and face a night's rest more easily.

A pattern of predictable events is like a "security blanket" for young children. And the simpler the routine the better. In addition to a set time for bed, the routine might include a certain order for getting into nightwear and brushing teeth, followed by a short story and a quick drink of water.

Don't overlook the old-fashioned bedtime story or quiet music as effective ways to help children "unwind" after a play-filled day and to get them ready for sleep.

But consistency should be mixed with a certain amount of flexibility. For instance, the presence of guests may create extra excitement. At such times, Miss Pepon says there's no need to fight your

LOCAL BRIDGE CLUB WINNERS ANNOUNCED

Mrs. and Mrs. Al Lanahan took first-place honors at a weekly meeting of the Granite City Duplicate Bridge club, which met at the Elks club Sunday evening.

Second place went to William Bunte and Mrs. Helen Meyer and to Mr. and Mrs. Elmer Branding as a result of a tie.

The club will meet again on Aug. 4 at the Elks.

On Monday morning, the Nameoki Duplicate Bridge club held a weekly session in the home of Mrs. Meyer, 2832 Yale drive.

Mrs. Grace Enos and Mrs. Lena Mae Schmacker tied with Al Schaefer and Sam Meyer for first place. Mrs. Joyce Barnes and Mrs. Elsie Hastings were third. Next meetings will be Aug. 5.

child into bed at the "usual" time just to be consistent.

Comfortable sleeping garments and a quiet, well-ventilated room are as important to a child's sleep as they are to yours. And, no rule says that children must sleep with the door closed or with a light on or in the dark. Their routines won't be upset so easily when they're away from home if children can adjust to different conditions.

Since heavy eating at bedtime can interfere with peaceful sleep, limit last-minute snacks to a small drink of milk or water.

NYLON? KODEL? ACRILAN?

How much will it cost me?

Do you wonder whether your budget can stretch to cover the lovely new carpeting you may sorely need? A great deal depends on the type of carpeting you have in mind, the amount of wear and tear your carpeting will get, your decorating preferences, and of course, the size of the area to be covered. Consider, too, that the finest carpeting will endure for many years and prove to be a wise investment. Bring in your room measurements and our staff will be pleased to give you suggestions and estimates — with absolutely no obligation. Some prices are given below in various broadlooms, including rubberized cushion and skilled tackless installation.

GED Classes Available To Alton State Patients

General Education Development classes have been made available to both patients and employees of Alton State Hospital who are seeking their high school diplomas.

Classes began in May for adult patients 21 years of age, and to date four have enrolled in the course. Mrs. Edythe Smith, special education coordinator, announced two special education teachers are team teaching the course experimentally in this area. Three of the students passed the recent examination.

Fifteen employees have been meeting twice weekly for one and one-half hours on their own time with a committee of four staff members and Mrs. Sally Vase, a volunteer, who tutors the classes.

Subjects covered are mathematics, English, reading comprehension and the state and federal Constitutions. The students will complete their study course in late August and then take the final examination.

Employees volunteering their time are L. D. Kelly, P.A., Caroline Nasseo, RN, Mary Ann Kirsh, social worker, and Barbara Cannon, RN.

Services Held Today For Carl Kenner, 50

Funeral services were held at 9:30 a.m. today at an O'Fallon funeral home for Carl Kenner, 50, of 701 Parkview drive, O'Fallon, who died at 11 a.m. Sunday at the Cochran Veterans Administration Hospital, St. Louis. He had been a patient at the hospital since March 13, 1945, in Germany during world war II.

Survivors include his wife, Mrs. Alma L. Kenner, two stepsons, two brothers, Harry Kenner and John Kenner of Granite City and one granddaughter.

Polish Church to Hold Picnic During Weekend

The annual parish picnic of Sacred Heart Polish National Catholic Church, Madison, will be held Friday, Saturday and Sunday.

A fish fry, to be served from 4 to 7 p.m. Friday, will be the opener for the three-day event. A special social will be held in the church hall at 7 p.m. Saturday.

An old-fashioned picnic will be held Sunday, with meals to be served from 11 a.m. Featured on the menu are Polish

"pigs in the blanket" and shish-kabob.

An arts and crafts booth, designed by Robert Bralkowski and adjudged the finest at the St. Louis Folk Festival, will feature artifacts of the local group and imports from Poland. The Buchach-Buchach band will play at 5 p.m. Sunday. Refreshments and games for all will be held.

Walter Dombroski is general chairman of the fund-raising event to help finance the remodeling of the church hall and improve Sunday school facilities.

The public was invited to attend by Rev. A.A. Tolcz, pastor.

Son Born to Former Brenda Kalert

Population Explosion Movie Being Made at Area Campus

The population explosion in the metropolitan areas of the United States is now being made into a movie.

Not considered for the regular box office schedule, the 16 mm color film is to be a research tool at Southern Illinois University-Southwestern campus.

Two members of the earth sciences faculty, Carl Lossau and Richard E. Guffy, are directors for the project. Co-workers on the film are three SIU-SW students.

The uniqueness of the project is not in its filming, but in what's being filmed. The group is now making a series of 100 maps, one for each year of the last century. With photographic techniques and the scores of maps, students will be able to visualize the changes in urbanization in the United States. Future development of the research project could include transportation development or other growth factors.

A part-time job for SIU-SW undergraduate Ethel Houle of St. Louis is film sift through census bureau statistics in the University's Lovejoy Library. Two other students, Richard Page of Wood River and Sam Meltz of Edwardsville, spend time on the weekends drawing maps, from the collected data.

IN CONSTRUCTION STAGE are these two different types of architectural design used in apartment buildings at Gaslight Walk development. At the left is the Garden model, while at right is the Mansard, or French Provincial design. Twenty buildings, each with four apartments are presently in various stages of construction.

\$5 Million Apt. Complex Under Way at Gaslight Walk

Further development of the Gaslight Walk area in Pontoon Beach into a 90-acre complex of apartment buildings, a shopping center and recreational facilities is under way by the Jim Green Construction Co. and eventually will involve an investment of more than \$5 million in the apartment units alone.

Presently under construction are 20 apartment buildings, each with four apartment units. Target date for completion is late this fall for all 20 units; but a company spokesman pointed out that so great is the demand for apartments, the buildings are being occupied as fast as they can be completed.

The 20 units are in various stages of construction and are being built in three different architectural designs.

Two Swimming Pools

Also under construction is the first of two swimming pools planned in a recreational area which, when completed, will represent an outlay of \$150,000. The first of the two swimming pools is nearly completed, while nearby footings have been poured for a bath house and community building. First floor of this section will contain locker rooms, showers and dressing rooms, while the second will house a kitchen, meeting rooms and a large hall.

A spokesman pointed out this building will be available to occupants of the apartments for parties, receptions and other events. Tennis courts and a playground also are laid out in the recreational area. Workmen said they hope to complete the bath house structure before the end of the swimming season.

Nearing completion in the shopping center business area which fronts on Pontoon road and Lake drive is a new skating rink, which will be leased by the construction firm for operation.

Service Shopping Areas

Adjoining the skating rink building are a car wash and a laundromat, both fronting on

Lake drive. These units have been completed and equipment was being installed in the car wash this week.

Company officials said plans are in the making for a large supermarket and a drug store which will occupy the business area in which Schermer's Ace Hardware store already is operating.

Negotiations are under way with several grocery firms for the market area, they said, but have not advanced to the point of a final decision as to which will locate in the area. Negotiations also have been under way with a Granite City drug firm for a new drug store in the shopping center. A contract has not yet been signed, officials said.

The apartment units now under construction will bring to 34 the total number of buildings now in the complex, the company spokesman noted. Fourteen buildings were completed last year. Another 20 units are scheduled for construction in 1969.

400 Unit Goal

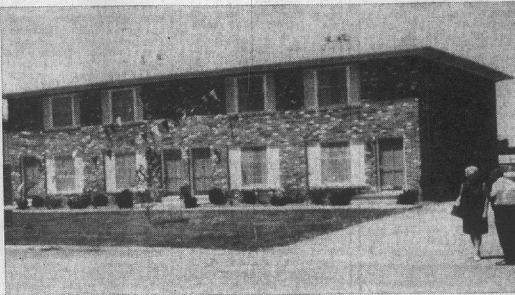

The construction firm's goal is eventual construction of 100 apartment buildings, providing 400 apartment units. On the basis of an average of four persons per family, the area would have a population of around 1600 persons.

The apartment buildings are serviced with water, gas and sewers. The area is serviced by a lagoon system of sewage disposal. When Pontoon Beach eventually builds a proposed sewer system, the system now in use in the Gaslight Walk area is expected to become part of the village system, it was pointed out.

A separate phase of development on a 14-acre tract just south of the apartment complex also is under way in construction of a deluxe mobile home park to be operated by a newly incorporated firm, the Village Green Mobile Home Park, Inc.

If you want to find development sites on terra firma, see your Realtor!

You don't have to go flying to get a bird's-eye view of any given tract of land. Just see a Realtor. Put his experience and knowledge to work for you. He knows the ins and outs of real estate. There are Realtors who are experts in handling farm or undeveloped land suitable for industrial, housing, recreational or other uses.

A Realtor is a professional in real estate who subscribes to a strict Code of Ethics as a member of the local board and of the National Association of Real Estate Boards.

So, if you want land for development, see your Realtor. Look for this seal, which only a Realtor may display.

Card of Thanks 32

We the members of the Auxiliary to Madison Barracks No. 34, Veterans of World War I, and the Ladies of the Order of the Eastern Star, and every one for their cooperation in making our sale of Liberty Products a success.

The proceeds are used for hospital and welfare work for our Veterans.

WE WISH TO THANK our kind friends and neighbors for their acts of love and sympathy during our recent loss of our loved one JAMES W. EARL. He was also very grateful thanks for the beautiful floral tributes to our loved one. Special thanks to Rev. Kenneth Rev. Roy Reeves, Smith, pallbearers, Mercer Funeral Home, R. O. Smith, Dr. Theis, Dr. Aronberg and First United Pentecostal Church.

THE FAMILY

WE WISH TO EXPRESS our heartfelt gratitude to our many friends and relatives, also to the Union Starch Company and employees for their kind sympathy and beautiful floral offerings in our recent bereavement. The loss of our beloved husband and father FRANK SCHALL. Special thanks to pallbearers, Father Bertelme and Mercer Funeral Home.

JUANITA SCHALL AND FAMILY

WE WISH TO EXTEND our heartfelt thanks and appreciation to our friends, neighbors and relatives for the acts of kindness and sympathy and the beautiful floral offerings in the loss of our beloved son, brother and father TERRY L. DAVIS. A special thanks to Rev. and Mrs. Kenneth Marshall and the Ladies of Mitchell Assembly of God Church. The chaplain, pallbearers, honor guard at Fort Leonard Wood and the Davis Funeral Home.

THE FAMILY OF LT. TERRY L. DAVIS

New GC Grade School Pupils to Register Aug. 23

Registration for new students will be held in the elementary schools of Community Unit School District Nine, Granite City, on Friday, Aug. 23, from 9 a.m. to noon and from 1 p.m. to 3:30 p.m.

Junior high and senior high school students new to the district may register any time from 8 a.m. to 4 p.m. Monday through Friday, from now through the end of the summer vacation in the school they will attend.

Those who have questions about where to register their children may call the school board office, 876-8800.

Any child, who will be five years of age on or before Dec. 31, 1968, is eligible to enroll in kindergarten. A birth certificate must be presented at the time of registration.

A recent law passed in Illinois states that no child may enter school for the first time without the following immunizations: whooping cough, diphtheria, tetanus, smallpox, polio and measles (or the illness). The only exceptions are for religious or medical reasons.

Physical examinations are required also of students entering any school in the state of Illinois for the first time.

Forms for physical examinations may be picked up at the board of education office, 2014 State street, Monday through Friday from 8 a.m. to 4:30 p.m.

Parents of new students are being urged to meet the immunization and physical examination requirements prior to registration. Registration may not be completed until these requirements have been met.

B. J. Davis, superintendent of schools, is urging that all students entering the local district for the first time be registered before the first day of school. "It is of mutual interest of the parent, the child and

the school that every child be placed as early as possible in a program which will best meet his or her particular educational needs," he said.

Supt. Davis is asking that anyone knowing of new families in their neighborhood encourage them to register their children on the dates indicated.

"Only students new to this district or who have not previously been in school need to register. Kindergarten children registered last spring need not register again," he explained.

DR. SCOTT HENDRICKSON
New Local Dentist

Dr. Scott Hendrickson Is New Dentist Here

Dr. Scott Hendrickson, DDS, announced today he will open offices in the Koch building, 1821 Edison avenue, next Monday and will occupy offices in association with Dr. John R. Reel, local dentist.

A native of Alton, where he attended high school, Dr. Hendrickson received his pre-professional education at the University of Illinois in Champaign. A graduate of Washington University School of Dentistry in St. Louis, he was a member of the Delta Sigma Delta fraternity. He recently was released from the Navy after serving two years.

Dr. Hendrickson intends to provide a complete service with adult, denture, and children's dentistry.

Moths in Bluegrass
Have you noticed lots of moths in your bluegrass lawn? Many home gardeners have seen lots of moths during the past two weeks and are worrying about lawn webworm damage to their bluegrass.

When lots of webworms and dry weather team up, bluegrass is in trouble. Deciding when you are caught in the combination depends on how much you water and if you have lots of worms.

Occasional deep watering will usually save your lawn from severe damage. When watering is out of the question and you see lots of moths in July you may need to use an insecticide.

An easy way to analyze your situation is count the worms in a square foot of grass. The worms are green and hide in the clippings. If you find more than two worms per square foot, treatment is recommended.

Bolt, carbaryl and diazinon sprays and granules are effective. One application in mid or late July will give you seasonal control. Be sure to apply the proper amount.

Once the chemical dries on the grass, there is no danger to pets or children.

Bracing Your Tree
Simple bracing and cabling projects to save your favorite tree are easy and effective.

Top-heavy limbs and clump-type trees often crack when wind, rain and dense leaves create a heavy strain. Eye bolts in each limb are ideal fasteners to attach heavy wire and screw eye bolts can be inserted in a tree limb by drilling a hole 1/4" smaller than the screw. Bolting requires a hole the same size as the bolt and use of washers. Galvanized wire is frequently used, but any kind of wire or cable is adequate.

Drilling and bolting will not harm the tree. Using red paint to seal the bolt will help healing and prevent borers from starting.

Leeches and Swimming
Leeches in a farm pond instantly spoil the fun of a pleasant swim.

Leeches seem easy to control when you use copper sulfate. It is the details that are complicated.

A high dose of copper sulfate is required to get control. Too much will control the fish too.

For best control of leeches, apply 12.5 pounds of copper sulfate per acre-foot of water in your pond. The treatment will work in streams where there is current. You must treat the whole pond for long lasting control.

Fall Tent Capillary
Colonies of fall tent caterpillars are just appearing on wild cherries, birch, sweet gum and ash.

If you want to get the jump on this ugly pest you need to check each of your trees for these hatching colonies. These colonies first appear as a slight webbing on one or two leaves, or the tip of one twig. The worms are so small you may not notice them inside the web.

While the insects are young and the web area is small you can easily control the colony with Carbaryl. One spray application to wet the web and nearby leaves will be adequate. Often the web will disintegrate once the worms are killed.

When you wait until the worms and the web are large, the colony may be too well protected by the heavy webbing to control.

Roses Gone Wild
Have some of your favorite roses sudden gone wild? If it is extra growth, take the credit for good work. When roses come up as long shoots, no flowers and no leaves, cold weather last winter killed the top. Then the root develops its own shoots and you suddenly have a wild rose.

The top of garden tea and floribunda roses are all grafted on a vigorous cold resistant root. When the grafted root dies, the root often develops shoots of its own and becomes a wild type identical with the root.

Even in mid-summer, roses may seem to stop growing and begin to develop long shoots. When you look closely you

Marine Sgt. Bolton In OCS Training

Marine Sgt. Burl D. Bolton, 22, whose wife, Jane, lives in the 2400 block of Edwards street, has been selected for the Marine Corps 52nd special officer candidate course that started last month at Quantico, Va. It was learned here this week.

Sgt. Bolton, son of Mr. and Mrs. Vernon Bolton, 2420 Fernhill avenue, was stationed in the personnel section of the Marine Corps Reserve at Kansas City, Mo., when notified of his acceptance from officer training.

The sergeant is a Granite City high school graduate and was employed at the Granite City post office as a mail carrier when he enlisted 2½ years ago.

Upon completing the course, Sgt. Bolton will be commissioned a second lieutenant in the Marine Corps Reserve.

S/Sgt. Butler Named Outstanding NCO

S/Sgt. Ronald T. Butler, son of Mr. and Mrs. Taylor N. Butler of 1813 Spring avenue, has been named outstanding noncommissioned officer of the quarter in his unit at Hickam AFB, Hawaii.

An aircraft equipment repairman, he was selected for "leadership, exemplary conduct and duty performance." He is a member of the Air Weather Service.

His wife, Helene, is the daughter of Mr. and Mrs. Harold T. K. Lam of 3043 Kaimuki avenue, Honolulu.

Marine Cpl. McMillan Extends Duty in Vietnam

Marine Cpl. Benjamin A. McMillan, 21, son of Mr. and Mrs. Benjamin A. McMillan sr. of 2012 Willow avenue, has extended his tour of duty with Marine Medium Helicopter Squadron 165 in Vietnam.

His squadron, a unit of Marine Aircraft Group 36, First Marine Aircraft Wing, is helping to move troops to and from combat areas, move supplies and make medical evacuations.

Randell R. Peck Jr. Commended in Vietnam

Specialist-four Randell R. Peck jr., grandson of Mr. and Mrs. Harry Peck, 1828 Fifth street, Madison, has just received a commendation for his gallantry in the performance of duty in Vietnam. The son of Mr. and Mrs. Randell Peck, Fullerton, Calif., formerly of Madison, he was cited for his efforts during an enemy attack near Cam Ranh Bay July 10.

One of the largest supply convoys ever assembled in South Vietnam left that base to supply several areas with petroleum products. When the convoy came under attack a few miles after leaving, Peck organized effective counter-fire and directed the fire of air planes and helicopters. His wife, Linda, is a resident of Orange, Calif., and he is a 1965 graduate of Fullerton Union high school.

Terry Whitehead, 19, Enlists in Army

Terry Alfred Whitehead, 19, husband of Mrs. Joyce Ann (Pulley) Whitehead, 2600 East 23rd street, enlisted in the U. S. Army last week, and is undergoing basic training at Fort Leonard Wood, Mo. It was announced today by Sgt. Harold C. Prater, local Army recruiter.

Whitehead is the son of Mr. and Mrs. Henry Howard Whitehead, and attended local schools. He selected the regular Army as his guaranteed enlistment option.

S/Sgt. Gwin with USAF At Base in Thailand

S/Sgt. Robert H. Gwin, son of Mr. and Mrs. Robert D. Gwin, 2653 Adams street, is on duty at Taklihi Royal Thai AFB, Thailand.

Sgt. Gwin, an aerial photo systems repairman, is a member of the Aerospace Audio Visual Service in support of the Pacific Air Forces. Before his arrival in Thailand, he was assigned to Columbus AFB, Miss.

The sergeant is a 1962 graduate of Granite City high school. His wife, Mary, is the daughter of Mr. and Mrs. George Elmore, Gordo, Ala.

Ex-Candy Striper Now Interning at Local Hospital

Mrs. Linda Christensen, 3229 Edgewood drive, a former volunteer helper at St. Elizabeth Hospital, has returned to the hospital to do her year of internship as a registered medical technologist.

Mrs. Christensen worked as a Candy Striper in the laboratory at the hospital from June 1961 to June 1964. She later decided to continue her education in the laboratory profession and entered the Graduate School of Laboratory Technology, St. Louis, January 1967.

After completing the academic requirements for this program on July 3, she arrived at the hospital, for a year of acceptable work experience in the laboratory.

Following her internship she will receive her diploma as a registered medical technologist from the Graduate School and will receive a full membership in the International Society of Clinical Laboratory Technologists.

Her husband, Edmund Christensen, is presently serving in the USAF, stationed at Griffis AFB at Rome, N. Y.

Warm Weather is Beneficial, Also Vexing to Heart Patients

Summer is a season of well-being, for persons with heart and blood vessel diseases as well as for those who are in good health, according to the Illinois Heart Association.

Respiratory infections and sore throats now out of the picture to a great extent, and the weather seems to be on the heart patient's side, for the most part.

Until the first heat wave hits. Then all experience a set of miseries too familiar to require description. But while the individual may just be miserable, the consequences for persons suffering from circulatory disorders may be more serious, the Heart Association warns.

"In all of us, the heart works harder under conditions of high heat and humidity to maintain body temperature at normal levels. It does this by pumping a greater volume of blood at a faster rate, actually measurable in controlled experiments."

"The normal heart has adequate reserve power to accommodate to the stress imposed by heat and humidity. But the demands placed on a damaged

heart may add up to dangerous strain—as much or even more than burdens imposed by exercise or exertion.

"The wise thing to do, then, is: take it easy, and try to keep cool. The standard hot weather tips—eat and dress lightly, bathe or shower often, stay out of the hot sun, avoid undue exertion—are good advice for the cardiac, as well as for healthy persons of all ages."

Summer heat has another built-in health hazard of particular significance to persons with circulatory problems: salt depletion. Individuals perspire heavily in hot weather, losing large quantities of salt as well as fluid in the process. Replacement—by drinking more water and taking extra salt, usually at the table—would seem to be a simple common measure.

"But what about the cardiac or hypertensive patient in whom the doctor is trying to lower salt intake, or to promote salt excretion by means of certain drugs? For such patients, the stepped-up loss resulting from heart stress may combine with drug-induced salt loss to produce harmful circulatory changes."

The Heart Association advises these patients: "Don't wait for hot weather; see your doctor now, so that your medication can be checked and modified if necessary."

Travel Along Great River Road Urged

The governors of Illinois and six other states bordering on the Mississippi have proclaimed August as the month to "Discover the Mississippi" via the Great River Road (FA R 151).

In addition to Illinois, the special proclamation has been issued by governors of Wisconsin, Iowa, Tennessee, Minnesota, Louisiana and Missouri. The Great River Road travels along the Mississippi River in each of these states and presents an opportunity to see and enjoy the river, state parks, historical sites and cities and towns along the highway in each state. Governors of Kentucky, Arkansas and Louisiana also are expected to issue similar proclamations.

Head Start Personnel Being Paid This Week

"Paychecks for personnel in the Madison County head start program have arrived at the office of the Madison county superintendent of schools and were being distributed this week after a summer-long delay."

Most of the 133 teachers, aides and others employed in the county program were victims of a mix-up at the regional office of the Economic Opportunity Commission in Chicago. The seven-week program, which involves more than 20 persons in the Madison and Venice project, ends Monday.

Fifty-four employees had received about half of the salary due from funds remaining from last year. The first of two checks were to be paid on June 30. Federal funds of \$106,000 were being awaited, of which \$70,000 was for salaries.

The delay was caused when, new stipulations to accompany applications for funds had not been relayed to the Madison county OEO office last winter.

Brian Cliff Pentecostal To Open Bible School

4 SHIRTS FOR \$1.00

(Who would have guessed?)

We at Bellemore Cleaners think of ourselves as quietly dedicated to the business of cleaning and laundry. Yet, when we announced our price of 4 shirts for \$1.00, we started something of an uproar. Our competitors accused us of malicious price-cutting. The government chided us. (Why, we're not sure.) The banks in Geneva declared a holiday. And the NYSE closed. (We made our announcement after 3 p.m.) We realize that actually lowering prices is a little unusual, but we invite you to take advantage just the same. Four shirts, one dollar.
